Take advantage of this Special Offer.

The Boston Store,

A. S. YOUNG, 138 and 140 Fifth Street. East Liverpool, Ohio.

Monday being a legal holiday there will be no issue of the News Review. All the news in Tuesday's paper.

MONEY IN MEXICO

It is Silver and Worth Only Fifty-one Cents.

ALL THE POOR ARE VERY POOR

Prices are High and the Consumer Pays the Bills.

THE CURSE OF INTERNAL REVENUE

Comparative Prices of Crockery and Glass. Two Potteries are Good Investments. An Interesting Letter From Col. Tobe Blumenthal.

Colonel Tobe Blumenthal is among the best known and most popular salesmen who ever went out from the city, and the following letter written by him a few days ago in the city of Mexico, will be eagerly read. The colonel is a Democrat, but has no sympathy with the Populistic ideas injected into the Chicago platform. The letter follows:

"Mexico is prosperous, but the prosperity is due to the foreigners who have taken business from the hands of the natives, rather than to the silver standard of which you hear so much in the States. It is a well governed country, another reason for its prosperity. General Diaz, recently elected president for the fifth time, is a human dynamo, and injects his strong individuality and progressive ideas into all parts of the republic. The government subsidizes railroads, and has built telegraph lines into the most remote parts of the country, and with the aid of these powerful agencies the government can quickly quell revolutionary uprisings by concentrating troops at a given point in a short time.

"Mexico has enjoyed peace for 20 years, and thousands of good people have come from other countries. 'Tis singular how the different nationalities have appropriated the different lines of business. The dry goods trade is controlled by the French, Germany has the hardware stores, Spaniards are always grocers or pawn brokers, and Americans and Englishmen control the mines and railroads.

"Of course you want to know about silver, and the effect it has on business. Wages are all paid in Mexican money, worth at present 51 cents for the dollar. A company whose lines represent a third of the railroad mileage of the Republic pay engineers from \$150 to \$250 a month; firemen \$75, brakemen from \$35 to \$75, switchmen \$1.50 per day, carpenters \$3.50, section foremen \$1, section men 50 to 75 cents. Day laborers in the capital get from 37½ to 67½ cents, and in the interior cities 15 to 19 cents. Laborers in factories are paid 62½ cents to \$1, and skilled laborers from \$1.50 to \$2.50. This is all in Mexican money. Now see what they pay for some things we know about.

"You in East Liverpool will be surprised to learn that six inch white granite plain plates retail for \$3.25 a dozen, and seven inch plates can not be bought for less than \$4. Cups and saucers are often sold separately, but take for instance a size like St. Dennis teas. They sell for \$4.50 to \$5 a dozen together, cups and saucers. In the glass line the price is also high. Tumblers which can ordinarily be bought for 18 cents a dozen are sold here for 18 cents a piece, and goblets, the factory price of which in the States is 30 cents a dozen, come at \$2.50 to \$4. A real good tankard one-half gallon pitcher such as the Specialty turns out to the trade for \$2.75 a dozen, sells for \$2.75 each in this free silver country. I sell hanging lamps, and have a style very popular here which sells in the United States for \$3. It is never displayed in a shop window in Mexico without a card bearing the mark \$18. A little lamp which only brings \$2 a dozen beyond the Rio Grande is always sold here for \$2 a lamp, and a small glass lamp worth in your market no more than a quarter brings \$1 to \$1.25 in this land. Happening to see in a residence a lamp I had sold a dealer for 33 cents, I asked what it cost, and almost dropped dead when they told me \$3.

"There is abject poverty on every hand, and there are beggars galore. One sees them everywhere, and they are the most persistent of people. There are thousands of the lower classes who tonight will make their bed upon the bare, hard floors, and slumber in peaceful ignorance of the luxury of quilt or cover. Their miserable homes are in-

nocent of chair or table, and many of our necessities would be to them luxuries. Now for the other side. Employers argue they dare not pay them higher wages because then they would not work. To keep the people steadily employed, they say, they must pay low wages. Then, again, their wants are not great. Here in the city of Mexico it never gets too hot nor yet too cold, never colder than 55 nor warmer than 70. I have experienced the extreme heat of the south, but here we sleep under cover, with the room closed. This is one of the advantages of living 7,000 feet above the sea level in the torrid zone.

"The internal revenue stamp is the nuisance of the country, and an expensive one it is, too. Every invoice valued at more than 50 cents must be stamped. There is a fixed price to \$20.20—three cents in stamps for every \$5. When you send a telegram you must put a stamp on the blank, and when you send a package by express you must have a stamp on the receipt. Your hotel bill must be stamped as soon as paid, and if you open a set of books you must send for a government officer. He will look over the books, and for a stipulated sum will give you a stamp for every page. Every bank check, note and contract is stamped according to law. The other day I saw the charter of a mining company, and, accustomed as I am to the system, I was surprised beyond measure to find it decorated with \$700 in stamps. A gentleman told me soon afterward he paid over \$500 in stamps for a deed of some land. Bicycle riders are taxed 50 cents a month, and there are 1,000 of them in the city.

"Men embrace or pat each other on the shoulder when they meet, and I have passed through the operation when the other fellow looked foolish. The ladies kiss each other on the cheek, and thus avoid the exchange of microbes.

"There is music everywhere. The government has military bands playing in some part of the city almost all the time, and the organ grinder is here in countless numbers, and I hear they are also subsidized. To this day they grind out 'After the Ball.'

"Sum it up. This is what Mexico needs: Fifty million Anglo-Saxons. There is wealth enough in these mountains to supply the world. The coast is hot and unhealthy, and for 200 miles south of the Rio Grande it is hot, but the interior has an ideal climate, and as near perfection as could be desired. There is gold, silver and lead in the mountains, and coffee, sugar, wheat and oranges in the low country. Dye woods, onyx, rubber and as good timber as can be found in the world are here in undeveloped abundance. It only needs the magic wand of Anglo-Saxon enterprise to found here a nation whose power and wealth would be great.

"There are two potteries in Mexico making table ware. One of them I visited only a short time ago. They make a sort of C. C. ware, similar to what East Liverpool turned out 15 years ago. It is a limited line of table ware, some toilet and a little sanitary ware. The decoration in the main consists of a band edge, but it looks tawdry. There is possibly no better paying industry here, and local orders keep them in constant operation. They were behind in their orders, the manager said, when I called. If some of the bright young potters I know in East Liverpool would come this way, and erect a 10 kiln plant for the manufacture of white granite they would speedily get rich despite the fact that only one-third of the population can afford to use that grade of ware.

"And now for a final touch on the financial question. A silver standard might, because of conditions, do very well for Mexico, but it would mean sorrow in the United States. For our fair land of Columbia, it seems to my humble mind, it would mean repudiation and misery, and as there is a doubt about preserving the national honor on a free coinage basis, I would, were I in the United States most certainly support the gold standard."

Colonel Blumenthal has been in Mexico for almost a year, and is in a position to discuss the question intelligently.

THROUGH A WINDOW

Went a Big Boulder From the Hand of William Pope.

While William Pope was returning from the ball ground last evening, he was so unfortunate as to break the handle bars of his bicycle at the Horn switch, and was compelled to walk up the hill. The small boy of that neighborhood at once began to throw sticks and stones, and Pope being burdened by the broken wheel could not retaliate. At length he was struck by a boulder weighing several pounds, and he could endure it no longer. Catching up a stone he hurled it at a boy, but it missed him, and passing through the big window of a store at Sixth and Franklin lodged in a show case.

WHAT THE BOARD DID

Health Authorities Obedied the New Law.

OLD PROCEEDINGS BROUGHT OUT

Resolutions Have Been Passed Illegally. Water in the West End Park—Filthy Gutters Discussed—The City Has No Money to Clean the Streets.

The board of health had a meeting last night, with all members present except Mr. Kauffman.

After the reading of the minutes the salaries of J. T. King and Doctor Ogden were ordered paid, and the report of the health officer was read as follows: Births—Males 14, females 11. Deaths—Males 5, females 5. Three deaths were caused by consumption, one by typhoid and one by abortion. It was moved the report be received, but Mr. Huston wanted to know what disposition had been made of the Sebring case. The matter was explained to him, and Mr. Huston said it should be in the report. Mayor Gilbert said the case was settled because the resolution was passed illegally, and the board had no ground upon which to prosecute. The minutes were produced, and it was found they were not signed, and the resolution had not been copied. Mr. Huston was still of the opinion an explanation should be embodied in the report. Mr. Gilbert thought the board was very lucky to get out of the case without having to pay the costs, but that did not reach Mr. Huston's point. He said the only report of the case they had was from the newspapers, and that was nothing for the board to go by. Officer King told all about the case, and Mr. Huston said it was the clerk's fault. He became sarcastic, and said: "There were three lawyers on the board when the resolution was passed, but they didn't know this was illegal." Mr. Chambers wanted to know how many more of the same kind the board had, and Mr. Gilbert thought all the resolutions lately passed were like this one. The report was then received, and the report of the sanitary policeman was read, showing that 48 nuisances had been abated during the month, and that he had spent \$3.50 of his salary for burying dead animals. The report was filed, and Mr. Huston submitted the original copy of the resolution, which was passed under a suspension of the rules.

King related how all the slop and surface water in the West End ran into the ball ground and remained there, leaving the park in a filthy condition, to which the residents objected. Dr. Ogden stated that he had seen the commissioners, but they had no money to remedy the defect. He further stated the owners of the park objected to the water, claiming it injured the ground. Several members of the board believed the health of the public was at stake and the city should fix the place, but Dr. Ogden finished the discussion by stating that if there was a cesspool in the park the owners could be made to drain it as the city was not responsible for where the surface water ran. A vault of Harry Allison caused a discussion of over 30 minutes, and was finally referred to George, King and Chambers. Huston objected to doing work when officers were paid for it. They will report at the next meeting. King wanted to know if the board had any power to order the streets cleaned, as they are in an unusually filthy condition, not having been swept for a long time. Mr. George explained that the commissioner had been very busy, and a number of filthy gutters were cited to which the attention of the sanitary police had been called. Dr. Ogden said he had seen the commissioner, and that gentleman had told him council would not grant him enough money to give the streets proper attention.

The appointment of a plumbing board came up, and after the law on the subject had been read Harry Kinsey, Willis Kinsey and J. M. Arbutnot were appointed. The ex-officio members are Mayor Gilbert and Smith Fowler. Mr. Goodwin said the law wouldn't amount to anything unless the inspector was paid a good salary. An invitation was accepted to turn out on Labor day, and the mayor was instructed to order carriages.

FROM CURIOSITY

Half of the People Go to Hear Bryan Talk.

Hon. William Monaghan arrived in the city this morning on business. When questioned as to the political outlook he said: "The silver craze is on the wane and every day that goes by means thousands of votes for McKinley. The outlook for Republican success was never more encouraging than this year. I heard Bryan speak in Central Armory to 7,000 people a few days ago. I was

standing with several Democratic business men and lawyers, and they all agreed there were not over 40 per cent. of the crowd who seemed pleased at what he said, while the rest of the audience remained perfectly silent. It is safe to say that 50 per cent. of the people who go to hear him are there out of curiosity, as I was at Cleveland. I have nothing to say unkind of Bryan. He makes no arguments, but merely arrays the rich against the poor in an effort to stir up strife. Michael Harter, the Democratic congressman who committed suicide a short time ago, told his brother that Bryan was the greatest blatherskite he had ever heard in congress, and the term aptly describes him."

BUSINESS MEN WANTED.

Street Fair Association Asks Merchants to Come In.

The executive committee of the street fair association talked business for three hours last night, and while encouraged decided to endeavor to induce the 60 business men not in the organization to come in. A committee was appointed to confer with the Ladies' auxiliary, and see what could be done for the entertainment of ladies on fair day. Robert Hailes, A. C. Smith and James Mumford were appointed to look after the poultry show, and D. F. Nellis, D. A. Devine, George C. Murphy, J. N. Rose, F. E. Grosshans and M. F. Frank were added to the board of directors. Robert Hall was made a vice president. W. H. Hill, Alex McGraw and William Erlanger were appointed to interest manufacturers in the fair, and the announcement was made of the purchase of gold and silver medals to be given by the liquor dealers' association as prizes for sports.

R. L. Edmonston offers a crayon and half a dozen cabinets for the prettiest baby, and a dozen cabinets for the largest baby in this or Hancock county. Mr. Neiler gives a dozen cabinets for the handsomest lady over 70, and the prettiest girl under five. W. O. Hamilton gives a toilet set for the best half bushel of pop corn, and a perfume set for the stalk containing the largest number of ears of corn.

TONIGHT AT TEN

Entries For the Labor Day Contests Will Close.

Entries for the athletic contests on Labor day will close this evening at 10 o'clock, and all parties desiring to take part must file their names with the committee before that time.

Much pressure has been brought to bear on the committee, and the sports may be increased by a running race. Six good horses will be ready to start if the word is given.

The parade committee unintentionally neglected to invite wheelmen to take part, but they hope it is not yet too late. All riders of bicycles are asked to turn out in fantastic costume, and join the marching column.

A committee from Trades council waited on Mayor Gilbert yesterday, and formally invited the city officials to observe Labor day with them. The invitation included the fire department, and the handsome men, horses and wagons will be seen in the parade.

WITHDREW THE CHARGE.

Ollie Downard Will Not Be Tried on His Wife's Evidence.

Mrs. Ollie Downard has been a constant visitor at city hall since the incarceration of her husband. Last evening she repented of having made a charge against him, and after holding a love feast with the man who she said had threatened to shoot her, the charge was withdrawn. The mayor, however, was determined Downard should be punished for his bad conduct, and fined him \$5 and costs. Downard is penniless and consequently remains behind the bars.

KNOCKED DOWN.

Miss Eva Reed Was Badly Bruised by a Car.

While Miss Eva Reed, an employee of Knowles, Taylor & Knowles, was crossing the bridge which connects the new end with another part of the plant she was knocked down by a car loaded with ware. Miss Reed was rendered insensible, and only recovered consciousness after strenuous efforts on the part of friends. A lump on her head and a number of other bruises were the only injuries, and she was taken to her home in California hollow.

OVER THE RIVER

Went a Man the Police Were Following.

A row was in progress in a Union street saloon last evening when the patrol was called. Chief Morley and Officer Terrence made good time with the wagon, but the fighting principals had gone. One ran to the river, and jumping in a skiff pulled quickly to the Virginia shore, while the other disappeared down an alley.

HE GOT ANOTHER MAN

Constable Bertele Arrested David Turner on a Farm.

WANTED ON AN OLD CHARGE

Holliness Ward Made the Complaint, and Porter Kayes Was Arrested Several Weeks Ago—Turner Is Married and Says He Is Innocent.

David H. Turner, another man wanted by the authorities because of the charge of Holliness Ward, was captured in West Virginia by Constable Bertele.

The man is well known, and when in the city he was employed at the Brunt & Thompson plant. When the charge was made a few weeks ago he disappeared, and could not be found by the officers, although they searched every nook and corner of the city. Constable Bertele learned that he had gone to Hancock county, and was working on a farm. He secured the services of Constable Metz, of Grant district, and together they went in search of their man. He was found plowing in a field, and submitted to arrest with nothing but a protest of innocence. He crossed the river without a requisition, and was locked up. Turner is a married man and has lived a number of years in the city. The case is that in which Porter Kayes is interested, and which has been postponed several times. Turner declares he is innocent, and left the city not because he was guilty, but on the advice of friends. He was never before arrested.

BUILT FOR TWO.

Were the Bicycles Used by a New Brighton Party.

A member of the New Brighton fire department, accompanied by his wife, son and daughter, rode to this city this morning. The parents occupied a companion wheel and their children rode tandem. They visited the fire station, and were shown through. They took views of the houses and the upper room of the building. The party returned home this afternoon.

SOAP FACTORY BURNED.

Ollie DeTemple Sustained a Severe Loss in Bellaire.

Friends in the city have been notified of the burning of the soap factory owned and operated by Ollie DeTemple in Bellaire. The building and equipment were not insured to their full value, and the loss is heavy. The plant will be rebuilt, and business resumed as soon as possible. Mr. DeTemple was at one time a well known resident of this city.

CONTINUED THE COMMITTEE.

Association Directors Are Pleased With the Progress.

The directors of the Young Men's Christian association met last evening, with a full attendance. Lunch was served, and the board proceeded to business. The canvassing committee reported very favorable progress, and arrangements were made to continue the committee. Another meeting will be held next week when it is expected that State Secretary Pierce will be present.

BOOMING.

The New Pottery Is Causing a Stir at East Palestine.

George Sebring was here from East Palestine yesterday, and said the switch is being put in for the new pottery. The stone work of the buildings will be started next week, and lots in the new addition are selling rapidly. The number of houses under contract is greater than East Palestine ever knew before, and business men expect a boom.

DEBATED THE QUESTION.

D. J. Smith and G. B. Beaumont Talked to Hundreds.

D. J. Smith went to Fairview last night with the intention of making a political speech, but found when he arrived that he was to debate with George B. Beaumont, a noted silver advocate of that place. The prophet readily took up the gauntlet, and more than held his own, while the crowd was with him from the start.

FOUR FOR SILVER.

All Other Passengers in the Car Were McKinley Men.

When the local contingent were returning from Steubenville last night they became disgusted with the arguments put forward by a silver man, and polled the smoker in which they rode. It was found that 24 of 28 passengers were for McKinley, and the other four were for silver. The vote silenced the orator.

The report was then received, and the report of the sanitary policeman was read, showing that 48 nuisances had been abated during the month, and that he had spent \$3.50 of his salary for burying dead animals. The report was filed, and Mr. Huston submitted the original copy of the resolution, which was passed under a suspension of the rules.

King related how all the slop and surface water in the West End ran into the ball ground and remained there, leaving the park in a filthy condition, to which the residents objected. Dr. Ogden stated that he had seen the commissioners, but they had no money to remedy the defect. He further stated the owners of the park objected to the water, claiming it injured the ground. Several members of the board believed the health of the public was at stake and the city should fix the place, but Dr. Ogden finished the discussion by stating that if there was a cesspool in the park the owners could be made to drain it as the city was not responsible for where the surface water ran. A vault of Harry Allison caused a discussion of over 30 minutes, and was finally referred to George, King and Chambers. Huston objected to doing work when officers were paid for it. They will report at the next meeting. King wanted to know if the board had any power to order the streets cleaned, as they are in an unusually filthy condition, not having been swept for a long time. Mr. George explained that the commissioner had been very busy, and a number of filthy gutters were cited to which the attention of the sanitary police had been called. Dr. Ogden said he had seen the commissioner, and that gentleman had told him council would not grant him enough money to give the streets proper attention.

The appointment of a plumbing board came up, and after the law on the subject had been read Harry Kinsey, Willis Kinsey and J. M. Arbutnot were appointed. The ex-officio members are Mayor Gilbert and Smith Fowler. Mr. Goodwin said the law wouldn't amount to anything unless the inspector was paid a good salary. An invitation was accepted to turn out on Labor day, and the mayor was instructed to order carriages.

FROM CURIOSITY

Half of the People Go to Hear Bryan Talk.

Hon. William Monaghan arrived in the city this morning on business. When questioned as to the political outlook he said: "The silver craze is on the wane and every day that goes by means thousands of votes for McKinley. The outlook for Republican success was never more encouraging than this year. I heard Bryan speak in Central Armory to 7,000 people a few days ago. I was

standing with several Democratic business men and lawyers, and they all agreed there were not over 40 per cent. of the crowd who seemed pleased at what he said, while the rest of the audience remained perfectly silent. It is safe to say that 50 per cent. of the people who go to hear him are there out of curiosity, as I was at Cleveland. I have nothing to say unkind of Bryan. He makes no arguments, but merely arrays the rich against the poor in an effort to stir up strife. Michael Harter, the Democratic congressman who committed suicide a short time ago, told his brother that Bryan was the greatest blatherskite he had ever heard in congress, and the term aptly describes him."

BUSINESS MEN WANTED.

Street Fair Association Asks Merchants to Come In.

The executive committee of the street fair association talked business for three hours last night, and while encouraged decided to endeavor to induce the 60 business men not in the organization to come in. A committee was appointed to confer with the Ladies' auxiliary, and see what could be done for the entertainment of ladies on fair day. Robert Haines, A. C. Smith and James Munford were appointed to look after the poultry show, and D. F. Nellis, D. A. Devine, George C. Murphy, J. N. Rose, E. E. Grosshans and M. F. Frank were added to the board of directors. Robert Hall was made a vice president. W. H. Hill, Alex McGraw and William Erlanger were appointed to interest manufacturers in the fair, and the announcement was made of the purchase of gold and silver medals to be given by the liquor dealers' association as prizes for sports.

R. L. Edmonston offers a crayon and half a dozen cabinets for the prettiest baby, and a dozen cabinets for the largest family in this or Hancock county. Mr. Nelder gives a dozen cabinets for the handsomest lady over 70, and the prettiest girl under five. W. O. Hamilton gives a toilet set for the best half bushel of pop corn, and a perfume set for the stalk containing the largest number of ears of corn.

TONIGHT AT TEN

Entries For the Labor Day Contests Will Close.

Entries for the athletic contests on Labor day will close this evening at 10 o'clock, and all parties desiring to take part must file their names with the committee before that time.

Much pressure has been brought to bear on the committee, and the sports may be increased by a running race. Six good horses will be ready to start if the word is given.

The parade committee unintentionally neglected to invite wheelmen to take part, but they hope it is not yet too late. All riders of bicycles are asked to turn out in fantastic costume, and join the marching column.

A committee from Trades council waited on Mayor Gilbert yesterday, and formally invited the city officials to observe Labor day with them. The invitation included the fire department, and the handsome men, horses and wagons will be seen in the parade.

WITHDREW THE CHARGE.

Ollie Downard Will Not Be Tried on His Wife's Evidence.

Mrs. Ollie Downard has been a constant visitor at city hall since the incarceration of her husband. Last evening she repented of having made a charge against him, and after holding a love feast with the man who she said had threatened to shoot her, the charge was withdrawn. The mayor, however, was determined Downard should be punished for his bad conduct, and fined him \$5 and costs. Downard is penniless and consequently remains behind the bars.

KNOCKED DOWN.

Miss Eva Reed Was Badly Bruised by a Car.

While Miss Eva Reed, an employee of Knowles, Taylor & Knowles, was crossing the bridge which connects the new end with another part of the plant she was knocked down by a car loaded with ware. Miss Reed was rendered insensible, and only recovered consciousness after strenuous efforts on the part of friends. A lump on her head and a number of other bruises were the only injuries, and she was taken to her home in California hollow.

OVER THE RIVER

Went a Man the Police Were Following.

A row was in progress in a Union street saloon last evening when the patrol was called. Chief Morley and Officer Terrence made good time with the wagon, but the fighting principals had gone. One ran to the river, and jumping in a skiff pulled quickly to the Virginia shore, while the other disappeared down an alley.

HE GOT ANOTHER MAN

Constable Bertele Arrested David Turner on a Farm.

WANTED ON AN OLD CHARGE

Holiness Ward Made the Complaint, and Porter Kayes Was Arrested Several Weeks Ago—Turner Is Married and Says He Is Innocent.

David H. Turner, another man wanted by the authorities because of the charge of Holiness Ward, was captured in West Virginia by Constable Bertele.

The man is well known, and when in the city he was employed at the Brunt & Thompson plant. When the charge was made a few weeks ago he disappeared, and could not be found by the officers, although they searched every nook and corner of the city. Constable Bertele learned that he had gone to Hancock county, and was working on a farm. He secured the services of Constable Metz, of Grant district, and together they went in search of their man. He was found plowing in a field, and submitted to arrest with nothing but a protest of innocence. He crossed the river without a requisition, and was locked up. Turner is a married man and has lived a number of years in the city. The case is that in which Porter Kayes is interested, and which has been postponed several times. Turner declares he is innocent, and left the city not because he was guilty, but on the advice of friends. He was never before arrested.

BUILT FOR TWO.

Were the Bicycles Used by a New Brighton Party.

A member of the New Brighton fire department, accompanied by his wife, son and daughter, rode to this city this morning. The parents occupied a companion wheel and their children rode tandem. They visited the fire station, and were shown through. They took views of the horses and the upper room of the building. The party returned home this afternoon.

SOAP FACTORY BURNED.

Ollie DeTemple Sustained a Severe Loss in Bellaire.

Friends in the city have been notified of the burning of the soap factory owned and operated by Ollie DeTemple in Bellaire. The building and equipment were not insured to their full value, and the loss is heavy. The plant will be rebuilt, and business resumed as soon as possible. Mr. DeTemple was at one time a well known resident of this city.

CONTINUED THE COMMITTEE.

Association Directors Are Pleased With the Progress.

The directors of the Young Men's Christian association met last evening, with a full attendance. Lunch was served, and the board proceeded to business. The canvassing committee reported very favorable progress, and arrangements were made to continue the committee. Another meeting will be held next week when it is expected that State Secretary Pierce will be present.

BOOMING.

The New Pottery Is Causing a Stir at East Palestine.

George Sebring was here from East Palestine yesterday, and said the switch is being put in for the new pottery. The stone work of the buildings will be started next week, and lots in the new addition are selling rapidly. The number of houses under contract is greater than East Palestine ever knew before, and business men expect a boom.

DEBATED THE QUESTION.

D. J. Smith and G. B. Beaumont Talked to Hundreds.

D. J. Smith went to Fairview last night with the intention of making a political speech, but found when he arrived that he was to debate with George B. Beaumont, a noted silver advocate of that place. The prophet readily took up the gauntlet, and more than held his own, while the crowd was with him from the start.

FOUR FOR SILVER.

All Other Passengers in the Car Were McKinley Men.

When the local contingent were returning from Steubenville last night they became disgusted with the arguments put forward by a silver man, and polled the smoker in which they rode. It was found that 24 of 28 passengers were for McKinley, and the other four were for silver. The vote silenced the orator.

EAST LIVERPOOL, O., SATURDAY, SEPT. 5.

REPUBLICAN TICKET.

For President,
WILLIAM MCKINLEY,
Of Ohio.

For Vice President,
GARRET A. HOBART,
Of New Jersey.

For Electors at Large,
ISAAC F. MACK,
ALBERT C. DOUGLASS,

For Secretary of State,
CHARLES KINNEY.

For Judge of Supreme Court,
MARSHALL J. WILLIAMS.

For Member of Board of Public Works,
FRANK HUFFMAN.

For Congress,
ROBERT W. TAYLOR.

For Judge of the Circuit Court,
J. B. BURROWS.

For Judge of Common Pleas Court,
P. M. SMITH.

For Probate Judge,
J. C. BOONE.

For Clerk of Courts,
JOHN S. MURPHY.

For Recorder,
ED. M. CROSSER.

For Commissioner,
CHRIS. BOWMAN.

For Infirmary Director,
L. C. HOOPE.

For Coroner,
JOHN L. STRAUGHN.

EVEN the Populists of West Virginia couldn't swallow the Democratic platform, and there will be no fusion in that state.

MCKINLEY will be elected, the silver craze will expire with a few parting groans, and the country will again be prosperous.

THE Methodist ministers attending the Cincinnati conference at Piqua, were polled the other day, and not a free silver man could be found.

THE frosty reception tendered Candidate Bryan in Chicago put him in such a beautiful humor that he spent a whole day without talking to the people.

THE gold Democrats can not count their votes by the million, but their influence is equal to several times that number when placed against such men as Altgeld, Bryan and Jones.

A. H. CLARK occupies a peculiar position in politics. He writes a free silver leader of Salem that he is still a Republican through and through, but styles the financial plank of the St. Louis convention un-Republican and un-American. Mr. Clark should learn the lesson of consistency.

OVER CONFIDENCE.

THE Republicans of this congressional district must guard against too much confidence, and not give up the battle until every vote is counted next November.

There is little danger of the Alliance convention nominating a winner next Tuesday, for the pins which have been set up by such men as Potts, Roberts and Lewis will probably be knocked down with great promptness when the leaders who have wearied of the claims of these men get down to work.

Coxey, who is really the logical candidate if fusion is effected, will stand little chance of winning, but some other man with more ability will likely be slipped into place. Then comes the chance of the silver men. What a glorious victory if they could carry the old McKinley district. What a triumph if they could herald their approaching success into the villages and mining camps of the west. They would spread the news far and wide, and shout in glee at the prospect. It is plainly the duty of the Eighteenth to defeat the man nominated at Alliance, and he will be defeated, but the leaders should bend every effort in this year of all years, to swell the majority far above what it has ever been. Over confidence is not calculated to make big majorities.

A Household Necessity.

No family should be without Foley's Colic and Diarrhoea Cure, for all bowel complaints. For sale by Bulger and Reed.

HOW IT WORKS.

The Very Best Authority In the World

SUMS UP FREE SILVER IN MEXICO.

A Statement From the Mexican Minister of Finance on the Effects of Free and Unlimited Coinage of Silver In That Country—It Aims at Bimetallism, but In Reality Means Silver Alone—Gold at a Premium of Nearly 200.

Mr. Jose Limantour, the Mexican minister of finance, has been interviewed on the effects of free and unlimited coinage of silver in that country, and his statement is one of the most important contributions to the present financial discussion which have yet appeared. The Cincinnati Commercial Tribune in commenting thereon says:

"Minister Limantour is an authority. He is in charge of the finances of a country which is now and has always been on a free-silver basis. Those facts alone would give great value to his utterance upon a question of such vital importance to the American people; but in addition he declared, previous to his statement, that what he said was 'from an absolutely nonpartisan standpoint.' That, then, absolves the distinguished gentleman from any attempt to make political capital for any American party."

"In almost his first sentence he deals a sledgehammer blow at the bimetallic fallacy of Bryan by saying, 'Theoretically, of course, our standard is bimetallic; but, of course, it is really a single silver standard.' He then goes on to say:

"It is not possible to have a double standard under free coinage. Any gold we have is immediately exported, and I have never seen any gold in circulation in Mexico. Gold is at a premium of nearly 200."

"Nearly every word of the distinguished Mexican financier, it will be observed, is a direct contradiction of the statements so glibly made by Mr. Bryan. Furthermore, Mr. Limantour's words are based upon a national and a personal experience, while Mr. Bryan's utterances are based upon airy assumptions, spontaneous speculations and fairylike fallacies."

"The minister was asked by our correspondent the question:

"Is Mexico prosperous on a silver standard?"

"To which he answered:

"Our prosperity is increasing rapidly, but it is due to a number of causes, and not especially to the silver standard."

"He was also asked:

"What is the effect upon wages of the depreciating silver standard?"

"And his reply was:

"They have not increased perceptibly. The same is true of Japan, where wages are very low. For this reason Japan and Mexico will in a few years be able to compete successfully with England and the United States because of the silver standard and low wages."

"What is the ruling rate of wages for agricultural laborers in Mexico?"

"Twenty-five cents a day."

There, then, is a word picture of the effects of free silver in Mexico, the country that is held up to us by the advocates of a silver standard as a shining example of all the benefits of such a financial policy.

"It is a word picture painted by the one man of all others most capable of doing justice to the subject, and a study of Minister Limantour's verbal free silver landscape on the part of Mr. Bryan and his followers is most respectfully commended."

"Unintentionally, Minister Limantour has performed a service of inestimable value to the nation. He has revealed the real results of the policy whose adoption is urged by the advocates of dishonest money, and has made the endorsement of a free silver standard by the voters of the United States an impossibility."

A Striking Simile.

Speaking in the house of representatives Aug. 16, 1893, William J. Bryan, defending the right of the mine owners and operators to profit by the free and unlimited coinage of silver at 16 to 1, said that the mine owner would profit "just as the horse seller would profit by war which required the purchase of a large number of horses for cavalry service, or just as the undertaker would profit by the decent burial of a pauper at public expense."

This is a remarkable way of saying that the demand for free and unlimited coinage of silver is for war upon the nation, and that the nation's welfare is the pauper for whose burial the silver miner will serve as undertaker.

The poet speaks of one who

His mouth, but out there flew a trope.

For once Mr. Bryan's simile will be admitted by both his supporters and his opponents to be picturesque, tragic and true.—Chicago Times-Herald.

Cheap Money Insures Cheap Labor.

It has been proved scores of times in different countries that cheapening the money by lowering the standard increases the cost of living at least three or four times as fast as it increases the wages of working people. The most pitiful thing about this cheap-money craze at the present time is just this feature of it. Whatever Bryan, Williams and the rest of them may tell the workingman to the contrary, one of the chief reasons why the newspapers and the best class of public men earnestly oppose the free coinage scheme is that they dread more than words can tell to see the destitution and wretchedness that would be sure to come upon that great class of the community least able to look out for itself in panic times in case the monetary standard of the great industrial and commercial nations of the world were to be exchanged for that of Mexico, Central America, China and India.—Boston Advertiser (Rep.).

The Bolt From Bryan In Virginia.

Of the 700 Richmond and Henrico men who have signed the anti-Bryan pledge there are some, we believe, who never have voted the Democratic ticket in presidential elections, but the great majority are Democrats.—Richmond Dispatch (Dem.).

BARDLEY'S ILL-HEALTH.

This Given as the Formal Cause For Pardon Recommendation.

HARRISBURG, Sept. 5.—The board of pardons has formally recommended to Governor Hastings that a pardon be granted ex-City Treasurer John Bardley, who was sentenced in 1891 for a term of 15 years in prison for embezzling public funds in Philadelphia.

The reasons for recommending the pardon are based almost entirely on the extreme ill health of Bardley. An intimation of this action was given in these dispatches a few days ago.

Sufficient punishment, complete restitution to the state of all funds embezzled by him and ends of justice meted out are the other reasons given by the pardon board.

Governor Hastings is expected home today and it is said when he arrives he will promptly approve the recommendation, thus enabling Bardley to leave the eastern penitentiary in Philadelphia and spend Sunday with his family.

On July 2, 1891, Bardley was sentenced 15 years in the eastern penitentiary for misappropriating over half a million of city and state moneys while acting as city treasurer of Philadelphia. Bardley's downfall was directly brought about by the failure of the Keystone bank, in which the moneys in his charge were deposited, and the flight of its president, Gideon W. Marsh, but it was primarily caused by Bardley's reckless stock speculations.

A financial panic was caused by the revelations following Bardley's resignation from his office on May 21, 1891. The Spring Garden bank, which had over \$140,000 of city moneys, went down, and the Kennedy brothers, its president and cashier, were sent to prison for ten years. Cashier Lawrence of the Keystone bank was given seven years and was pardoned by President Cleveland about a month ago.

The big Bradford Mills company, of which Bardley was an officer, was forced to the wall and a number of smaller concerns sank in the storm. President Marsh of the wrecked Keystone bank, is still a fugitive from justice.

The agitation for Bardley's pardon has been going on for a considerable time. The principle plea presented in favor of the pardon was Bardley's failing health, and medical testimony was brought before the pardon board to prove that he is practically in a state of collapse, and if continued in confinement could live but a brief time.

PROMINENT MEN DROWNED.

They Were Fishing on the Juniata Near Hollidaysburg, Pa.

HOLLIDAYSBURG, Pa., Sept. 5.—The bodies of Rev. Thomas F. Reeser, pastor of the Evangelical Lutheran church of this place, and one of the most prominent clergymen of Central Pennsylvania, and John D. Love, a leading merchant, also of Hollidaysburg, have been found lying on the banks of the Juniata river near Flowing Springs. The two gentlemen had been on a fishing trip.

It has been learned that the two men were drowned. The Rev. Mr. Reeser held post-mortem at Williamsport, Pa., and Freeport, Ills.

AN OLD TELEGRAPH.

Consul Reid Arrives to Attend the Meeting at Pittsburgh.

NEW YORK, Sept. 5.—Mr. James D. Reid, United States consul at Dumfries, Scotland, is a passenger on board the American liner, St. Paul, which has entered port.

His arrival will be hailed with joy by the entire telegraphic fraternity, more so by the old-timers, of whose society he is a member, and is crossing the ocean to attend the annual meeting to be held in Pittsburgh on Sept. 9. Mr. Reid is the patriarch of telegraphy, having been a co-worker with Prof. Morse, the father of telegraphy.

A LARGE STEAMER BURNED.

An Unknown Vessel Burned Off Black River, Mich.

CLEVELAND, Sept. 5.—A special from Alpena, Mich., says: Word has been brought here from Black River that a large steamer burned ten miles off that port.

The news was brought in by a man in a sailboat, who said the steamer had been burning for a number of hours.

The tug Westcott was steamed up, but before she was ready to start the fire had disappeared. There was no trace of the survivors found.

Denies Dreyfus Has Escaped.

PARIS, Sept. 5.—The governor of French Guiana, replying to a dispatch of inquiry from the minister of the colonies denies the statement made by Captain Hunter of the British steamer Nonpareil, at Newport, Monmouthshire, saying that Captain Albert Dreyfus has escaped from his prison on the Island of Grand Salut.

A Receiver In Charge.

COLUMBUS, Sept. 5.—The Columbus Central Street Railroad company has been thrown into the hands of a receiver, George H. Worthington of Cleveland being appointed.

The assets are \$1,850,194, of which \$1,500,000 is bonded indebtedness. A wet summer reduced receipts.

A Murderer Hung.

ATLANTA, Sept. 5.—Arthur Hanyue has been hanged here. Hanyue made a solemn farewell prayer just before the noose was adjusted. Hanyue killed Will Spinks in Holland's saloon here, on March 7.

Lynched a Brutal Tramp.

RHINELAND, Mo., Sept. 5.—An angry mob of masked men has lynched Thos. Larkin, a tramp, giving his residence as New York, who in the forenoon had brutally assaulted little Alla Gammon, 11 years old.

Bank Failure In Montana.

HELENA, Mont., Sept. 5.—The failure of the First National bank of this city is announced. Directors refuse to talk and no statement of assets and liabilities has been made.

Li's Secretary Honored.

LONDON, Sept. 5.—Lob-Feng-Luh, secretary to Li Hung Chang, has been gazetted as knight commander of the Victorian order.

Diamond Dealers Fail.

NEW YORK, Sept. 5.—W. L. Pollack & Co., diamond dealers, have failed. Liabilities, \$125,000, assets unknown.

DUN'S TRADE REVIEW.

Distinct Increase In Confidence the Past Week.

QUE MOSTLY TO GOLD IMPORTS.

A Slight Upward Turn in the Prices of Manufactured Products the First Time in Two Months—Corn Very Low—The Business Failures.

NEW YORK, Sept. 5.—R. G. Dun & Co.'s weekly Review of Trade, issued today, says: There is a distinct increase of confidence, due largely to the continuing and heavy imports of gold, which have put an end to money anxiety, and also to political events, which are closely watched. While it does not yet start more mills and factories than are closing for want of work, it crops out in heavy speculative purchases of pigiron, wool and some other materials, by experienced men who believe that a revival of business is not far off, and for the first time in nearly two months a slight upward turn appears in prices of manufactured products.

The gain in confidence and in willingness to lend and invest gives reason to hope that the necessary replenishing of stocks which cannot be long deferred, may be liberal enough to stimulate fair activity to industry. Wheat has suddenly risen a week ago, but reacted with better crop news until Thursday, when another advance came of 1 cent, making the net decline for the week 1 1/2 cents. Western receipts continue large, 5,215,706 bushels for the week against 4,550,104 bushels last year, making the increase since July 1 about 12,000,000 bushels, or 53 per cent. Atlantic exports are also large, flour included, 2,032,963 bushels against 1,347,252 last year, and since July 1, 19,073,551 bushels against 11,315,645 last year, a gain of 69 per cent. Gloomy stories find little support in such returns.

Corn has reached 20 cents at Chicago, the lowest point ever touched since 1891, and has again broken all records here, declining to 25 1/2 cents, at which it closed.

After many weeks of decline, so that the average of prices for iron and its products was the lowest since early last year, prices have started up a shade. Heavy speculative purchases of Bessemer at the west and of southern iron here, the latter mainly by New Yorkers at \$6.40 for No. 2, and \$5.90 for gray forge, have so strengthened the market that Bessemer at Pittsburgh commands \$11.25 and gray forge, \$9.50. The various associations have not reduced prices, believing that it would not stimulate demand at present, which is extremely narrow and as yet shows no improvement. But the first long step in that direction is taken when men believe that the bottom has been touched. Coke ovens operating are only 7,425, against 10,522 idle, with a smaller output than for years, but no change is made in price.

The starting of some woolen mills, which have been idle and accumulating orders for a short run, is still balanced by the stopping of others, and the volume of orders does not increase.

No gain as yet appears in demand or prices. But a marked speculative buying of wool shows belief that prices will improve, and the sales for the week were 4,377,600 pounds, of which only 555,700 were foreign, much over half of the domestic sales being of Texas and far western states at prices ranging from 7 to 8 1/2 cents.

Failures for the week have been 334 in the United States, against 136 last year, and 31 in Canada, against 38 last year.

LI IN WASHINGTON.

His Trip Likely to Result In Improvements In China.

WASHINGTON, Sept. 5.—Li Hung Chang visited the capitol and other points of interest, and also attended a reception at the Chinese legation.

A Shanghai special says: There are reports in circulation here, among people of the highest authority, which, if correct, show that the travels of Li Hung Chang in Europe and America are likely to have, in the immediate future, a most important effect upon the policy of the Chinese government and that the Chinese empire will shortly be thrown open to free trade with the rest of the world, and the railroads are to be greatly extended.

A Peaceful Settlement Indicated.

LONDON, Sept. 5.—The Brazilian legation here has issued a note announcing that there is every indication of a peaceful and cordial solution of the difficulty which has arisen between Brazil and Italy regarding the claims of the latter country for indemnity as a result of the recent and past outrages in Brazil upon Italian subjects.

An American to Be Tried.

HAVANA, Sept. 5.—Luis Someillan, Sr., the American citizen who was arrested in July last on the charge of having rendered assistance to an insurgent expedition, will be tried here next week. The king's attorney will demand a sentence of imprisonment for life.

Judge Hilton Will Pay the Debt.

NEW YORK, Sept. 5.—The creditors of Hilton, Hughes & Co. need no longer feel alarmed. Former Judge Hilton has announced that he will pay, to the last cent, the debts of the firm.

Commander Newell Dead.

SEATTLE, Wash., Sept. 5.—Commander John Stark Newell, commander of the United States armored cruiser Detroit, is dead from anemic condition of the blood.

Shot His Daughter and Himself.

BLOOMINGTON, Ind., Sept. 5.—William Hall of Polk township has shot his 18-year-old daughter because she married against his will, and then he shot himself.

Unveiled by the Kaiser.

BRESLAU, Sept. 5.—Emperor William has unveiled a monument here of Emperor William the First.

Resumed His Law Practice.

ATLANTA, Sept. 5.—Hon. Hoke Smith, secretary of the interior, has arrived here and resumed his law practice.

VICTIM OF ENGLISH PRISON.

Dr. Gallagher Arrives In New York, Unbalanced Mentally.

NEW YORK, Sept. 5.—Dr. Thomas Gallagher, who was liberated last week after serving 13 years penal servitude in Chatham and Portland prisons, has arrived here on board the American liner St. Paul.

He was met at quarantine by a delegation of representatives of Irish societies in this country. Among those who went aboard the St. Paul to greet him was James Gallagher, who is a brother of the released man.

Dr. Gallagher recognized his brother at once, but he was in a very excitable mood and acted very strangely. Dr. Anthony McBride, who accompanied Dr. Gallagher across the ocean, would not permit any of the newspaper men to speak to his charge. It was evident that the doctor's mental condition was a total wreck. He looked to be fully 25 years older than when he left America a little over 13 years ago. When the members of the delegation of Irishmen were presented to him, the doctor was unable to recognize any of them, and almost immediately ran away through the corridors, shouting loudly and incoherently, and had to be restrained. He will be sent a sanitarium.

TURKEY STILL AFTER THEM.

Armenian Refugees Reach Marseilles on the Way to United States.

MARSEILLES, Sept. 5.—The Armenian refugees, who arrived here from Constantinople on board the steamship La Girond, including among them the men who surrendered to Sir Edgar Vincent after participating in the attack upon the Ottoman bank, have been conveyed to prison, pending their departure for New York.

The ports have asked for the extradition of the men detained here who were implicated in the attempted loot of the Ottoman bank at Constantinople, but it is believed that the request will not be granted. The culprits claim to have received their safe-conduct.

A Glassworkers' Meeting.

ELWOOD, Ind., Sept. 5.—The next meeting of the glassworkers of the gas belt will be held in this city about Sept. 26 or 27. Representatives of the Window, Flint, and Green Glassworkers' unions will be present and the long talk of consolidation under one head of all these unions will likely be accomplished.

Three Schooners Caught.

WASHINGTON, Sept. 5.—A telegram has been received from Captain Liepeter at Onalaska, in command of the Bering sea patrol fleet, stating the cutter Perry has seized the British schooners Aniak and Beatrice and the American schooner, James G. Swan. All were caught sealing inside the prohibitory area.

The United States Should Exhibit.

WASHINGTON, Sept. 5.—There will be an agricultural exposition at Kiev, Russia, from July to October next year and in the opinion of United States Consul Stephen at Annaberg, the United States should be represented, although our exhibitors may not compete for prizes.

More Gold Imported.

NEW YORK, Sept. 5.—Lazard Freres & Co. have deposited at the sub-treasury \$1,750,000 in American gold coin, Heidebach, Ickelheimer & Co. deposited at the assay office \$500,000 in gold bars.

YESTERDAY'S LEAGUE GAMES.

At Philadelphia—
Phillies.....0 2 0 0 0 0 0 0 3-6
Pittsburgh.....1 0 0 1 0 1 0 0 0-3 6 2
Batteries—Boyle and Orth; Suggen and Hawley. Umpire—Lally. Attendance, 2,500.

At Baltimore—
Baltimore.....1 0 0 0 2 0 5-9 13 3
Chicago.....0 2 0 0 1 1 0 0 0-4 10 5
Batteries—Robinson and McMahon; Donohue and Friend. Umpire—Emslie. Attendance, 5,367.

Second game—
Baltimore.....3 0 1 0 4 3 0 0-11 8 6
Chicago.....6 2 0 0 1 0 0 0-11 10 4

EAST LIVERPOOL, O., SATURDAY, SEPT. 5.

REPUBLICAN TICKET.

For President,
WILLIAM McKINLEY,
Of Ohio.
For Vice President,
GARRET A. HOBART,
Of New Jersey.

For Electors at Large,
ISAAC F. MACK,
ALBERT C. DOUGLASS,
For Secretary of State,
CHARLES KINNEY.

For Judge of Supreme Court,
MARSHALL J. WILLIAMS.
For Member of Board of Public Works,
FRANK HUFFMAN.

For Congress,
ROBERT W. TAYLER.

For Judge of the Circuit Court,
J. B. BURROWS.

For Judge of Common Pleas Court,
F. M. SMITH.

For Probate Judge,
J. C. BOONE.

For Clerk of Courts,
JOHN S. M'NUTT.

For Recorder,
ED. M. CROSSER.

For Commissioner,
CHRIS. BOWMAN.

For Infirmary Director,
L. C. HOOPES.

For Coroner,
JOHN L. STRAUGHN.

EVEN the Populists of West Virginia couldn't swallow the Democratic platform, and there will be no fusion in that state.

McKINLEY will be elected, the silver craze will expire with a few parting groans, and the country will again be prosperous.

THE Methodist ministers attending the Cincinnati conference at Piqua, were polled the other day, and not a free silver man could be found.

THE frosty reception tendered Candidate Bryan in Chicago put him in such a beautiful humor that he spent a whole day without talking to the people.

THE gold Democrats can not count their votes by the million, but their influence is equal to several times that number when placed against such men as Altgeld, Bryan and Jones.

A. H. CLARK occupies a peculiar position in politics. He writes a free silver leader of Salem that he is still a Republican through and through, but styles the financial plank of the St. Louis convention un-Republican and un-American. Mr. Clark should learn the lesson of consistency.

OVER CONFIDENCE.

THE Republicans of this congressional district must guard against too much confidence, and not give up the battle until every vote is counted next November. There is little danger of the Alliance convention nominating a winner next Tuesday, for the pins which have been set up by such men as Potts, Roberts and Lewis will probably be knocked down with great promptness when the leaders who have wearied of the claims of these men get down to work. Coxey, who is really the logical candidate if fusion is effected, will stand little chance of winning, but some other man with more ability will likely be slipped into place. Then comes the chance of the silver men. What a glorious victory if they could carry the old McKinley district. What a triumph if they could herald their approaching success into the villages and mining camps of the west. They would spread the news far and wide, and shout in glee at the prospect. It is plainly the duty of the Eighteenth to defeat the man nominated at Alliance, and he will be defeated, but the leaders should bend every effort in this year of all years, to swell the majority far above what it has ever been. Over confidence is not calculated to make big majorities.

A Household Necessity.
No family should be without Foley's Colic and Diarrhoea Cure, for all bowel complaints. For sale by Bulger and Reed.

HOW IT WORKS.

The Very Best Authority In the World

SUMS UP FREE SILVER IN MEXICO.

A Statement From the Mexican Minister of Finance on the Effects of Free and Unlimited Coinage of Silver in That Country—It Aims at Bimetallism, but in Reality Means Silver Alone—Gold at a Premium of Nearly 200.

Mr. Jose Limantour, the Mexican minister of finance, has been interviewed on the effects of free and unlimited coinage of silver in that country, and his statement is one of the most important contributions to the present financial discussion which have yet appeared. The Cincinnati Commercial Tribune in commenting thereon says:

"Minister Limantour is an authority. He is in charge of the finances of a country which is now and has always been on a free-silver basis. Those facts alone would give great value to his utterance upon a question of such vital importance to the American people; but in addition he declared, previous to his statement, that what he said was 'from an absolutely nonpartisan standpoint.' That, then, absolves the distinguished gentleman from any attempt to make political capital for any American party."

"In almost his first sentence he deals a sledgehammer blow at the bimetallic fallacy of Bryan by saying, 'Theoretically, of course, our standard is bimetallic; but, of course, it is really a single silver standard.' He then goes on to say:

"It is not possible to have a double standard under free coinage. Any gold we have is immediately exported, and I have never seen any gold in circulation in Mexico. Gold is at a premium of nearly 200."

"Nearly every word of the distinguished Mexican financier, it will be observed, is a direct contradiction of the statements so glibly made by Mr. Bryan. Furthermore, Mr. Limantour's words are based upon a national and a personal experience, while Mr. Bryan's utterances are based upon airy assumptions, spontaneous speculations and fairylike fallacies."

"The minister was asked by our correspondent the question:

"Is Mexico prosperous on a silver standard?"

"To which he answered:

"Our prosperity is increasing rapidly, but it is due to a number of causes, and not especially to the silver standard."

"He was also asked:

"What is the effect upon wages of the depreciating silver standard?"

"And his reply was:

"They have not increased perceptibly. The same is true of Japan, where wages are very low. For this reason Japan and Mexico will in a few years be able to compete successfully with England and the United States because of the silver standard and low wages."

"What is the ruling rate of wages for agricultural laborers in Mexico?"

"Twenty-five cents a day."

There, then, is a word picture of the effects of free silver in Mexico, the country that is held up to us by the advocates of a free silver standard as a shining example of all the benefits of such a financial policy.

"It is a word picture painted by the one man of all others most capable of doing justice to the subject, and a study of Minister Limantour's verbal free silver landscape on the part of Mr. Bryan and his followers is most respectfully commended."

"Unintentionally, Minister Limantour has performed a service of inestimable value to this nation. He has revealed the real results of the policy whose adoption is urged by the advocates of dishonest money, and has made the endorsement of a free silver standard by the voters of the United States an impossibility."

A Striking Simile.

Speaking in the house of representatives Aug. 16, 1893, William J. Bryan, defending the right of the mine owners and operators to profit by the free and unlimited coinage of silver at 16 to 1, said that the mine owner would profit by war which required the purchase of a large number of horses for cavalry service, or just as the undertaker would profit by the decent burial of a pauper at public expense."

This is a remarkable way of saying that the demand for free and unlimited coinage of silver is a war upon the nation, and that the nation's welfare is the pauper for whose burial the silver miner will serve as undertaker.

The poet speaks of one who

His mouth, but out there flew a trope.

For once Mr. Bryan's simile will be admitted by both his supporters and his opponents to be picturesque, tragic and true.—Chicago Times-Herald.

Cheap Money Insures Cheap Labor.

It has been proved scores of times in different countries that cheapening the money by lowering the standard increases the cost of living at least three or four times as fast as it increases the wages of working people. The most pitiful thing about this cheap-money craze at the present time is just this feature of it. Whatever Bryan, Williams and the rest of them may tell the workingman to the contrary, one of the chief reasons why the newspapers are the best class of public men earnestly oppose the free coinage scheme is that they dread more than words can tell to see the destitution and wretchedness that would be sure to come upon that great class of the community least able to look out for itself in panic times in case the monetary standard of the great industrial and commercial nations of the world were to be exchanged for that of Mexico, Central America, China and India.—Boston Advertiser (Rep.).

The Bolt From Bryan in Virginia.
Of the 700 Richmond and Henrico men who have signed the anti-Bryan pledge there are some, we believe, who never have voted the Democratic ticket in presidential elections, but the great majority are Democrats.—Richmond Dispatch (Dem.).

BARDLEY'S ILL-HEALTH.

This Given as the Formal Cause For Pardon Recommendation.

HARRISBURG, Sept. 5.—The board of pardons has formally recommended to Governor Hastings that a pardon be granted ex-City Treasurer John Bardsley, who was sentenced in 1891 for a term of 15 years to 18 prison for embezzling public funds of Philadelphia.

The reasons for recommending the pardon are based almost entirely on the extreme ill health of Bardsley. An intimation of this action was given in these dispatches a few days ago.

Sufficient punishment, complete restitution to the state of all funds embezzled by him and ends of justice meted out are the other reasons given by the pardon board.

Governor Hastings is expected home today and it is said when he arrives he will promptly approve the recommendation, thus enabling Bardsley to leave the eastern penitentiary in Philadelphia and spend Sunday with his family.

On July 2, 1891, Bardsley was sentenced 15 years in the eastern penitentiary for misappropriating over half a million of city and state moneys while acting as city treasurer of Philadelphia. Bardsley's downfall was directly brought about by the failure of the Keystone bank, in which the moneys in his charge were deposited, and the flight of its president, Gideon W. Marsh, but it was primarily caused by Bardsley's reckless stock speculations.

A financial panic was caused by the revelations following Bardsley's resignation from his office on May 21, 1891. The Spring Garden bank, which had over \$140,000 of city moneys, went down, and the Kennedy brothers, its president and cashier, were sent to prison for ten years. Cashier Lawrence of the Keystone bank was given seven years and was pardoned by President Cleveland about a month ago.

The big Bradford Mills company, of which Bardsley was an officer, was forced to the wall and a number of smaller concerns sank in the storm. President Marsh of the wrecked Keystone bank, is still a fugitive from justice.

The agitation for Bardsley's pardon has been going on for a considerable time. The principle plea presented in favor of the pardon was Bardsley's failing health, and medical testimony was brought before the pardon board to prove that he is practically in a state of collapse, and if continued in confinement could live but a brief time.

PROMINENT MEN DROWNED.

They Were Fishing on the Juniata Near Hollidaysburg, Pa.

HOLLIDAYSBURG, Pa., Sept. 5.—The bodies of Rev. Thomas F. Reeser, pastor of the Evangelical Lutheran church of this place, and one of the most prominent clergymen of Central Pennsylvania, and John D. Love, a leading merchant, also of Hollidaysburg, have been found lying on the banks of the Juniata river near Flowing Springs. The two gentlemen had been on a fishing trip.

It has been learned that the two men were drowned. The Rev. Mr. Reeser held pastorates at Williamsport, Pa., and Freeport, Ills.

AN OLD TELEGRAPHER.

Consul Reid Arrives to Attend the Meeting at Pittsburgh.

NEW YORK, Sept. 5.—Mr. James D. Reid, United States consul at Dundee, Scotland, is a passenger on board the American liner, St. Paul, which has entered port.

His arrival will be hailed with joy by the entire telegraphic fraternity, more so by the old-timers, of whose society he is a member, and is crossing the ocean to attend the annual meeting to be held in Pittsburgh on Sept. 9. Mr. Reid is the patriarch of telegraphy, having been a co-worker with Prof. Morse, the father of telegraphy.

A LARGE STEAMER BURNED.

An Unknown Vessel Burned Off Black River, Mich.

CLEVELAND, Sept. 5.—A special from Alpena, Mich., says: Word has been brought here from Black River that a large steamer burned ten miles off that port.

The news was brought in by a man in a sailboat, who said the steamer had been burning for a number of hours. The tug Westcott was steamed up, but before she was ready to start the fire had disappeared. There was no trace of the survivors found.

Denies Dreyfus Has Escaped.

PARIS, Sept. 5.—The governor of French Guiana, replying to a dispatch of inquiry from the minister of the colonies denies the statement made by Captain Hunter of the British steamer Nonpareil, at Newport, Monmouthshire, saying that Captain Albert Dreyfus has escaped from his prison on the island of Grand Salut.

A Receiver In Charge.

COLUMBUS, Sept. 5.—The Columbus Central Street Railroad company has been thrown into the hands of a receiver, George H. Worthington of Cleveland having been appointed.

The assets are \$1,850,194, of which \$1,500,000 is bonded indebtedness. A wet summer reduced receipts.

A Murderer Hung.

ATLANTA, Sept. 5.—Arthur Hanye has been hanged here. Hanye made a solemn farewell prayer just before the noose was adjusted. Hanye killed Will Spinks in Holland's saloon here, on March 7.

Lynched a Brutal Tramp.

RHINELAND, Mo., Sept. 5.—An angry mob of masked men has lynched The Larkin, a tramp, giving his residence as New York, who in the forenoon had brutally assaulted little Alla Gammon, 11 years old.

Bank Failure In Montana.

HELENA, MONT., Sept. 5.—The failure of the First National bank of this city is announced. Directors refuse to talk and no statement of assets and liabilities has been made.

LI'S Secretary Honored.

LONDON, Sept. 5.—Lob-Feng-Luh, secretary to Li Hung Chang, has been gazetted as knight commander of the Victorian order.

Diamond Dealers Fail.

NEW YORK, Sept. 5.—W. L. Pollack & Co., diamond dealers, have failed. Liabilities, \$125,000, assets unknown.

DUN'S TRADE REVIEW.

Distinct Increase In Confidence the Past Week.

DUE MOSTLY TO GOLD IMPORTS.

A Slight Upward Turn in the Prices of Manufactured Products the First Time in Two Months—Corn Very Low—The Business Failures.

NEW YORK, Sept. 5.—R. G. Dun & Co.'s weekly Review of Trade, issued today, says: There is a distinct increase of confidence, due largely to the continuing and heavy imports of gold, which have put an end to money anxiety, and also to political events, which are closely watched. While it does not yet start more mills and factories than are closing for want of work, it crops out in heavy speculative purchases of pigiron, wool and some other materials, by experienced men who believe that a revival of business is not far off, and for the first time in nearly two months a slight upward turn appears in prices of manufactured products.

The gain in confidence and in willingness to lend and invest gives reason to hope that the necessary replenishing of stocks which cannot be long deferred, may be liberal enough to stimulate fair activity to industry. Wheat has suddenly risen a week ago, but reacted with better crop news until Thursday, when another advance came of 1 cent, making the net decline for the week 1 1/2 cents. Western receipts continue large, 5,215,706 bushels for the week against 4,550,104 bushels last year, making the increase since July 1 about 12,000,000 bushels, or 53 per cent. Atlantic exports are also large, flour included, 2,032,963 bushels against 1,347,352 last year, and since July 1, 19,073,551 bushels against 11,315,645 last year, a gain of 69 per cent. Gloomy stories find little support in such returns.

Corn has reached 20 cents at Chicago, the lowest point ever touched since 1861, and has again broken all records here, declining to 25 1/2 cents, at which it closed.

After many weeks of decline, so that the average of prices for iron and its products was the lowest since early last year, prices have started up a shade. Heavy speculative purchases of Bessemer at the west and of southern iron here, the latter mainly by New Yorkers at \$6.40 for No. 2, and \$5.90 for gray forge, have so strengthened the market that Bessemer at Pittsburgh commands \$11.25 and gray forge, \$9.50. The various associations have not reduced prices, believing that it would not stimulate demand at present, which is extremely narrow and as yet shows no improvement. But the first long step in that direction is taken when men believe that the bottom has been touched. Coke ovens operating are only 7,425, against 10,522 idle, with a smaller output than for years, but no change is made in prices.

The starting of some woolen mills, which have been idle and accumulating orders for a short run, is still balanced by the stopping of others, and the volume of orders does not increase. No gain as yet appears in demand or prices. But a marked speculative buying of wool shows belief that prices will improve, and sales for the week were 4,377,000 pounds, of which only 555,700 were foreign, much over half of the domestic sales being of Texas and far western states at prices ranging from 7 to 8 1/2 cents.

Failures for the week have been 334 in the United States, against 186 last year, and 31 in Canada, against 38 last year.

LI IN WASHINGTON.

His Trip Likely to Result In Improvements In China.

WASHINGTON, Sept. 5.—Li Hung Chang visited the capitol and other points of interest, and also attended a reception at the Chinese legation. A Shanghai special says: There are reports in circulation here, among people of the highest authority, which, if correct, show that the travels of Li Hung Chang in Europe and America are likely to have, in the immediate future, a most important effect upon the policy of the Chinese government and the Chinese empire will shortly be thrown open to free trade with the rest of the world, and the railroads are to be greatly extended.

A Peaceful Settlement Indicated.

LONDON, Sept. 5.—The Brazilian legation here has issued a note announcing that there is every indication of a peaceful and cordial solution of the difficulty which has arisen between Brazil and Italy regarding the claims of the latter country for indemnity as a result of the recent and past outrages in Brazil upon Italian subjects.

An American to Be Tried.

HAVANA, Sept. 5.—Luis Sornellan, Sr., the American citizen who was re-arrested in July last on the charge of having rendered assistance to an insurgent expedition, will be tried here next week. The king's attorney will demand a sentence of imprisonment for life.

Judge Hilton Will Pay the Debt.

NEW YORK, Sept. 5.—The creditors of Hilton, Hughes & Co. need no longer feel alarmed. Former Judge Hilton has announced that he will pay, to the last cent, the debts of the firm.

Commander Newell Dead.

SEATTLE, WASH., Sept. 5.—Commander John Stark Newell, commander of the United States armored cruiser Detroit, is dead from anemic condition of the blood.

Shot His Daughter and Himself.

BLOOMINGTON, IND., Sept. 5.—William Hall of Polk township has shot his 18-year-old daughter because she married against his will, and then he shot himself.

Unveiled the Kaiser.

BRESLAU, SEPT. 5.—Emperor William has unveiled a monument here of Emperor William the First.

Resumed His Law Practice.

ATLANTA, SEPT. 5.—Hon. Hoke Smith, ex-secretary of the interior, has arrived here and resumed his law practice.

VICTIM OF ENGLISH PRISON.

Dr. Gallagher Arrives In New York, Unbalanced Mentally.

NEW YORK, Sept. 5.—Dr. Thomas Gallagher, who was liberated last week after serving 13 years penal servitude in Chatham and Portland prisons, has arrived here on board the American liner St. Paul.

He was met at quarantine by a delegation of representatives of Irish societies in this country. Among those who went aboard the St. Paul to greet him was James Gallagher, who is a brother of the released man.

Dr. Gallagher recognized his brother at once, but he was in a very excitable mood and acted very strangely. Dr. Anthony McBride, who accompanied Dr. Gallagher across the ocean, would not permit any of the newspaper men to speak to his charge. It was evident that the doctor's mental condition was a total wreck. He looked to be fully 25 years older than when he left America a little over 13 years ago. When the members of the delegation of Irishmen were presented to him, the doctor was unable to recognize any of them, and almost immediately ran away through the corridors, shouting loudly and incoherently, and had to be restrained. He will be sent a sanitarium.

TURKEY STILL AFTER THEM.

Armenian Refugees Reach Marseilles on the Way to United States.

MARSEILLES, Sept. 5.—The Armenian refugees, who arrived here from Constantinople on board the steamship La Girond, including among them the men who surrendered to Sir Edgar Vincent after participating in the attack upon the Ottoman bank, have been conveyed to prison, pending their departure for New York.

The porte has asked for the extradition of the men detained here who were implicated in the attempted loot of the Ottoman bank at Constantinople, but it is believed that the request will not be granted. The culprits claim to have received their safe-conduct.

A Glassworkers' Meeting.

ELWOOD, IND., Sept. 5.—The next meeting of the glassworkers of the gas belt will be held in this city about Sept. 26 or 27. Representatives of the Window, Flint, and Green Glassworkers' unions will be present and the long talked of consolidation under one head of all these unions will likely be accomplished.

Three Schooners Caught.

WASHINGTON, Sept. 5.—A telegram has been received from Captain Hooper at Onalaska, in command of the Bering sea patrol fleet, stating the cutter Perry has seized the British schooners Ainok and Beatrice and the American schooner, James G. Swan. All were caught sealing inside the prohibitory area.

The United States Should Exhibit.

WASHINGTON, Sept. 5.—There will be an agricultural exposition at Kiev, Russia, from July to October next year and in the opinion of United States Consul Stephen at Annaberg, the United States should be represented, although our exhibits may not compete for prizes.

More Gold Imported.

NEW YORK, Sept. 5.—Lazard Freres & Co. have deposited at the sub-treasury \$1,750,000 in American gold coin. Heidelbach, Ickelheimer & Co. deposited at the assay office \$500,000 in gold bars.

MAJOR CLARKSON WON

He Succeeds Walker as G. A. R. Commander.

MANY RESOLUTIONS WERE PASSED.

The Full Title of Lieutenant General Asked to Be Conferred Upon General Miles—An Omaha Man Made Adjutant General—Other Business.

ST. PAUL, Sept. 5.—Major T. S. Clarkson of Omaha has been elected commander-in-chief of the Grand Army of the Republic.

General J. H. Mullen of Minnesota was elected senior vice commander; junior vice commander, Charles W. Buckley of Alabama; surgeon, General A. E. Johnson of the department of the Potomac; chaplain, Rev. Mark D. Taylor of Massachusetts.

On the council of administration E. R. Montfort of Cincinnati was chosen for Ohio, G. K. Malloy of Parkersburg for West Virginia and M. A. Brian of Baltimore for Maryland.

The Pennsylvania member is W. H. Baker of Pittsburgh.

The encampment adopted resolutions approving the Woman's Relief Corps' attempt to preserve the Andersonville prison, but refused to commend the efforts to beautify it.

Ex-volunteers and present members of the regular army were placed on an equality in the matter of dues, but the proposition to excuse posts paying dues to departments under certain conditions was rejected.

After adopting a memorial on the death of Past Commander-in-Chief Lucius Fairchild and resolutions thanking St. Paul for its great hospitality the encampment adjourned.

Among the resolutions adopted were the following: Asking preference for capable ex-soldiers in government appointments; urging on congress the justice and propriety of conferring on General Nelson A. Miles the full title of lieutenant general; endorsing the proposed national parks at Vicksburg and Fredericksburg; recommending the reading of Lincoln's Gettysburg address as part of the exercises on memorial day; favoring the prohibition of the use of the national flag for advertising purposes; asking congress to repair and preserve the frigate Constitution, and the sloop of war Hartford, and asking congress to provide for a soldiers' home south of the Ohio river.

A motion was adopted formally authorizing the council of administration to change the location of the next encampment in case satisfactory railroad rates cannot be secured.

The first official act of the new commander-in-chief, Major Clarkson, was to appoint C. E. Burmaster of Omaha as adjutant general.

The associated organizations held full business meetings during the day. The Ladies of the Grand Army of the Republic elected the following officers: Mrs. Catherine E. Hirst of Louisville (re-elected) national president; Mrs. A. P. Anderson of Minneapolis, senior vice president; Mrs. Sarah C. Mason of Nebraska, junior vice president; Mrs. Flora George of Washington, treasurer; Mrs. Thankful of Massachusetts, chaplain; Mrs. Laura McNaught of New Jersey, national councilor; council of administration, Mrs. Hopkins of Oklahoma, Mrs. Lydia J. Smith of Pennsylvania and Mrs. Davey of Minnesota.

The Woman's Relief Corps took longer to transact their business and it was late in the day before all the officers had been elected and installed as follows:

Mrs. Agnes Hitt, Indianapolis, national president; Mrs. Marie Hazenwinkle, St. Paul, senior vice president. No action was taken by either of these organizations looking towards union, each preferring its present name and membership, the qualifications slightly varying.

The Daughters of Veterans also refused to unite with the Loyal Home Workers, saying that they preferred their present name and organization. At a meeting of the Association of the Survivors of the Mississippi, Marine, Brigade and Ram Fleet, held at the same time, members were elected officers for the ensuing year:

Commander, Major General George Q. White; senior vice commander, Geo. B. Barker, Holton, Kan.; junior vice commander, M. E. Phelps, St. Edwards, Neb.; historian and treasurer, Captain W. D. Crandall, St. Louis; chaplain, Rev. Henry H. Conden, Port Huron, Mich.; surgeon, General H. Russ, Cleveland; officer of the day, Gunder Larson, Clinton, Wis.; secretary, F. W. De Coster, Litchfield, Minn.

GRANT'S BIRTHPLACE.

The Cottage at Mt. Pleasant Given to the State of Ohio.

COLUMBUS, Sept. 5.—The cottage in which Ulysses S. Grant was born, April 7, 1822, at Mt. Pleasant, Clermont county, O., has been appropriately decorated.

A drenching rain did not deter a large crowd from attending. Governor Bushnell and staff, Major Speck's battalion of the Fourteenth Regiment and the regiment band, Adjutant General Aline, President Bower and the members of the state board of agriculture were present. Governor Bushnell in a brief speech accepted on behalf of the state the gift of the cottage from the donor, Henry T. Chittenden of Columbus.

Prevented a Cuban Manifestation. Lima, Peru, Sept. 5.—At the fête held here to celebrate the anniversary of Peruvian independence Cuban filibusters intended to have a manifestation of sympathy with the Cuban insurgents and to display the Cuban flag, but President Pirola prohibited the manifestation.

Accepted the Reform Plans.

CANEA, Island of Crete, Sept. 5.—The assembly, after consulting with the revolutionary committee, has accepted the reform plans drawn up by the powers and approved by the sultan of Turkey.

Condition of the Treasury.

WASHINGTON, Sept. 5.—The treasury has lost \$114,600 in gold coin and \$10,500 in bars, which leaves the true amount of the gold reserve \$102,391,114.

A POPULIST CONFERENCE.

Watson to Tour and Will Try to Force Sewall Off.

ATLANTA, Sept. 5.—At the conference between Senator Butler, Thomas E. Watson, H. W. Reed, chairman of the national finance committee and state Populist leaders, the various phases of the campaign were discussed from the standpoint of committee and candidate.

It was decided that Watson, who speaks in Dallas, Tex., Sept. 7, shall go from that state to the west. He will speak twice in Kansas, Nebraska and Colorado and other appointments may be made in the meantime. The dates of the speaking have not yet been arranged. Watson will return to Georgia, Sept. 25, and enter the state campaign.

The national committee will make special efforts to elect the Bryan and Watson tickets in Georgia, with the Democratic ticket by the result. The Georgia state election is held in October. It was decided that the national committee shall not recognize state fusion where there is not an equitable division of the electors. It was decided to notify Bryan and Watson of their nomination by letter between now and Sept. 15.

SEWALL WILL STICK. He Never Had Any Intention of Leaving the Ticket.

NEW YORK, Sept. 5.—The Commercial Advertiser prints the following dispatch:

BATH, Me., Sept. 4. Editor The Commercial Advertiser: "Any statements or inferences that I propose to withdraw from the Democratic national ticket are without foundation. I never had, nor have now, the remotest intention of doing so."

ARTHUR SEWALL.

Grant's Son a Populist.

SAN DIEGO, Cal., Sept. 5.—At the Populist county convention a great sensation was caused by I. Wade McDonald, one of the delegates, reading a letter from Jesse R. Grant, son of General U. S. Grant, in which he says he is a Populist, as he opposes the money plank in the Republican platform and federal interference plank in the Democratic platform.

No Fusion in West Virginia.

WHEELING, Sept. 5.—At the conference between Populists and Democrats at Clarksburg the Populists repudiated all efforts to bring about fusion and withdrawing the name of I. C. Ralph Snyder, Democrat, whom they had nominated for governor, and nominated Mat Ward Fitzgerald of Terra Alta for that office.

WANT ANNEXATION BAD.

The Hawaiians Much Alarmed at the Way Japs Are Pouring In.

SEATTLE, Wash., Sept. 5.—H. G. Whitney, ex-postmaster general of the Hawaiian Islands, who has just arrived from Honolulu, reports a strong revival of the annexation feeling on the islands and says it is greatly intensified through the belief that should Hawaii be annexed to the United States the threatened Japanese trouble would be entirely wiped out by the abrogation of all existing treaties. By what is known as the Gibson treaty, entered into with Japan about 13 years ago, Japanese may pour into the islands in unlimited numbers. They now number 35,000 and are now coming, Mr. Whitney states, at the alarming rate of 3,000 a year.

He thinks it is only a question of a few years until the Japanese will outnumber the natives and naturalized population and in that case would cause trouble. They are already demanding the right of franchise which by treaty is conferred upon them as soon as they can read and write the English language.

GENERAL LEE HAS PROTESTED.

An American Citizen Arrested by Spaniards in Havana.

HAVANA, Sept. 5.—Samuel T. Tolon, an American citizen and recently a resident of the province of Matanzas, has been arrested on board the Ward line steamship Seneca on a political charge, and is now in custody ashore. Mr. Tolon, who is said to be a merchant of prominence, was arrested just as the steamer was upon the point of sailing. It is said that the police have been trying for 20 days to effect his capture.

The United States consul general, Edmund Fitzhugh Lee, has been communicated with, and it is reported that he has entered a protest against Mr. Tolon's arrest and has notified the authorities at Washington.

Miners Accept a Cut.

FAIRMOUNT, W. Va., Sept. 5.—The Monongah Coal and Coke company has reduced the mining rate from 20 cents to 18 cents for machine work, and from 40 cents to 35 cents for pick work. The cut was accepted.

To Rulers to Meet.

KIEFF, Sept. 5.—The czar and czarina have started for Breslau, where they will meet Emperor William of Germany and witness a portion of the military maneuvers.

The Weather.

Fair, followed by showers; fresh to brisk easterly winds.

PITH OF THE NEWS.

Lorenzo Niles Fowler, the phenologist, died in West Orange, N. J., aged 85.

Six houses were destroyed by fire at South Atlantic, N. J., entailing a loss of \$1,000.

Joseph T. Ridgway, a prominent citizen of Trenton, N. J., shot himself dead with a gun while suffering.

It is believed that thousands of people have perished in the earthquakes in the northeastern provinces of Japan.

Mary Erickson, aged 36, a New York domestic, threw herself in front of an elevated railroad train and was cut to bits.

Mrs. Mary Woods of Belfast, Me., and Mrs. Almira Bolden of Palmaro, Me., are twin sisters who have just celebrated their 32d birthday. They are the oldest twins in Maine.

The steamer Rosedale of the New York and Bridgeport Steamboat company was in collision with the ferryboat Oregon and sunk at her dock, foot of Broome street, East river.

Herr Otto Lillenthal's heirs have created all his flying machines, plans and drawings of aerostatic appliances and models. He was killed recently by a flying machine.

8,000 VISIT CANTON.

Pennsylvanians Called on McKinley Today.

QUAY HEADED ONE DELEGATION.

He Went With 2,000 People From Beaver County—About 6,000 People Present From Pittsburgh—The Republicans Pleased With Indianapolis Nominees.

CANTON, O., Sept. 5.—The delegations of visitors coming to Canton to call upon Governor McKinley from Pittsburgh and Beaver county today exceeded in point of numbers anything yet witnessed. The Beaver county contingent arrived at the Fort Wayne station at 10:40 o'clock. There were about 2,000 of them. Senator M. S. Quay headed the delegation.

The Pittsburgh people arrived this afternoon. There were about 6,000 in the crowd. The visitors will all return home this evening.

Last night Major and Mrs. McKinley attended a minstrel show at the Opera house.

The friends of Major McKinley are much pleased with the gold convention nominees.

All along there have been stories of strong Republican silver sentiment in Illinois, while calm and casual investigation has proven that these stories are very much exaggerated, yet it is desirable to have the Democratic vote in that state split to the extent of strengthening confidence.

The belief is that Senator Palmer is just the man to do this. Aside from the Democrats who desire to remain in the party, but oppose the Bryan ticket, platform and Altgeld, there is a very large and influential following to Senator Palmer in the state, and with him as their standardbearer they will put forth their best efforts to show his popularity by a large vote, all of which will come from the ranks of Democracy, and will offset fusion with Populists and Republican recruits, and give the Republicans the 24 electoral votes.

Kentucky is also thought to be a good location for the nominee for second place, with the strong Republican sentiment there which carried the last election, as a split in the opposition of even a small proportion insures her 13 votes to the Republicans. A popular resident candidate and the efforts of many leading citizens, already interested, make reasonably certain such a split.

The convention, as a whole, it is believed, will have great influence all over the country. The character of the men who participated, their high standing among those who knew them personally, their earnest, yet orderly and business-like work, and the firm stand they have taken against the whole Chicago platform will set people to thinking; and, that accomplished, Republicans are confident of the rest.

The views expressed above constitute a consensus of those held by Major McKinley's associates, and how far they represent his own can only be speculated upon. But in spite of his declaration to be interviewed, it has been apparent that he has not looked upon the convention with apprehension, and he shows none now that it is over.

There are so many demands upon railroads for excursions to Canton that the traffic associations have accepted the city as an all-season excursion point. The late Chicago meeting, it is understood here, has decided upon a rate which trunk lines are expected to adopt, which amounts to about one-fifth of the regular fare.

Such an arrangement in force will result in almost continuous flow of people to the city.

Among the new announcements of visiting delegations are delegates to the Pennsylvania Republican League, a delegation of Vermont Republicans, a club from McKeesport, Pa., farmers from Somerset, Pa., a delegation from Butler county, O., and workmen from Columbus.

CHAIRMAN HANNA PLEASED.

He Thinks the Gold Democratic Ticket Will Help McKinley.

CLEVELAND, Sept. 5.—National Republican Chairman M. A. Hanna has gone to Chicago. In an interview he said, concerning the result of the Indianapolis Democratic gold standard convention: "I think the action of the convention will be of assistance to us."

"Senator Palmer is a strong, reliable man and has a heavy following among the Democrats of Illinois. His nomination, following that of a gold standard Democrat for governor in that state, will weaken the forces of the other Democrats in Illinois very materially."

"How about Mr. Buckner?" "The nomination of Mr. Buckner will also do us good. He is strong in Kentucky and throughout the south, and will help us very much."

Concerning the Vermont election Mr. Hanna said: "The result of the state election in Vermont makes it appear that the people exercised sound, sober sense in dealing with the questions at issue, and showed their temper toward the Chicago platform. It indicates that the people as a whole will repudiate that platform."

McKinley Strong in West Virginia.

CUMBERLAND, Md., Sept. 5.—Ex-congressman Charles P. Snyder of West Virginia, a Democrat who has bolted Bryan, says that in his state there will be five Democrats voting for McKinley to every Republican voting for Bryan.

West Virginia, he says, is most concerned in the tariff question and is in favor of protection.

Bolted Chicago Ticket.

TOPEKA, Sept. 5.—Hon. W. C. Perry, who for years has been a leader in Democratic councils in this state and who was United States district attorney during President Cleveland's first administration, has bolted the Chicago platform and nominees.

Bryan in Milwaukee.

MILWAUKEE, Sept. 5.—William J. Bryan spoke in this city today. While in Chicago yesterday he had several conferences with Chairman Jones.

LOCAL BREVITIES.

Wallace Simms has removed to this place from Canton.

Claims committee will meet next Monday evening.

Born to Mr. and Mrs. Will Finley, of East End—a daughter.

W. L. Murphy and wife moved from Spring Grove this morning.

Doctor Wammaker has entered his trotter, Egremont in the Salem races.

The Grand Opera House is undergoing a thorough cleaning preparatory to the opening for the season.

George Knowles, the clay merchant whose wife died in England a few weeks ago, will start for home Sept. 23.

Officer Whan and Councilman Challis yesterday succeeded in killing 11 squirrels in the woods near Fredericktown.

James Merriott and William Mayer, who have been in England for several months, are expected home this evening.

Mrs. E. T. Brown, Lisbon street, entertained friends last evening in honor of her sister, Mrs. Brooke, of Columbus.

The fall term of school opens on Tuesday, and the various buildings have been thoroughly renovated and placed in good condition.

Miss Grace Hart entertained friends last evening at her home on Kossuth street. She will return to Pittsburgh next week.

Complaint of the scorching of wheelmen is heard every day, and wonder is that the police do not make an example of one or more.

Clark Anderson collided with an ice wagon on Fourth street last evening, and broke the front forks of his wheel. The bell was also broken.

A rise in the river, sufficient for light packets, is expected next week. A slight swell is noticeable this afternoon, as a result of rains in the mountains.

A number of marriages are booked for this month among popular young society people. 'Tis said three weddings will occur within as many weeks.

Many have suggested it would be a good idea to have the street fair extend over one day. They think the city would receive more benefit if this was done.

East Liverpool is undoubtedly the best city for dancing in the state. On Monday evening dances will be given in every hall, and they will be well attended.

The case of G. W. Detchon against John Bailey for \$10 due for professional services, to have been heard by Squire Manley today, has been postponed until next Saturday.

Nineteen carloads of earthenware and glass were shipped yesterday from the freight depot. Today the employees expect to send out 20 cars. The force will be idle Labor day.

Reverend Reinartz went to Industry this morning, and from that place will ride on his wheel to Rochester. The reverend gentleman will preach at Walden Pa., Sunday.

Moray Shay, formerly of this city but later employed in Tiltonville pottery, has secured a position at the pottery in East Palestine, and with his family is moving to that place today.

The custom of giving bicycles by lot is likely to result in a split in the near future, as one interested party is very much dissatisfied with the way a wheel was disposed of recently.

Miss Belle Whitt returned home yesterday evening, after a visit of two months at Asbury Park, N. J. Miss Whitt was greatly improved in health by the bracing air of the seashore.

Mrs. Melinda Jones appeared at city hall this morning, and asked that an officer serve an order on Reddy Mason, and compel him to vacate her premises on Pink alley. Chief Johnson promised to attend to the matter.

The marching club recently organized by the colored voters of the city now numbers 38 men, and Captain G. W. Johnson will begin drill as soon as a suitable hall can be found. A meeting will be held Monday evening.

Will Stevenson, T. Thompson and Shelton Moore, employees of the Tiffin pottery are in the city visiting friends. They say the plant is closed for an indefinite period. Mrs. Moore accompanied her husband to this place.

The Reverend Mr. Alexander and wife, of Wooster, were the guests of Dr. J. C. Taggart for a short time yesterday. They are missionaries, and will within a week take steamer for Egypt where they will follow their chosen work.

Avondale street is paved half way up the hill, and the people who are securing signers to the waiver to have it paved from Minerva to Bank street expect to complete their work in time to have the matter brought before council Tuesday evening.

As the patrol was turning the corner at the intersection of Washington and Second streets last evening, a horse owned by Expressman Joe Smith, standing at the curb, became frightened, and prancing wildly, finally turned and ran the wagon into the curb. The result was a mangled wheel.

A staunch Republican lady of the city is showing her friends a Parkersburg paper containing an account of the doings of a peculiar spider which recently appeared in that place. The industrious little fellow has a gold back, and spends his time in spinning the words "William McKinley" in every web he makes.

THE .. CROSSER- OGILVIE CO

The Way

to find out what we are selling is to come in and see.

Had you stepped into our store yesterday afternoon and viewed the big crowds at our Dress Goods counter you would have been convinced of one thing, and that is we are selling a pile of Dress Goods.

Why?

Our first purchase of Dress Goods are here, from 10 cts. a yard up to \$2.50.

We are proud of our stock. We have never been more fortunate in our selections—they please the people, the colors and styles are new, the prices are reasonable and the designs exclusive.

Black Dress Goods.

We have always been strong on black Dress Goods. We have always carried a good stock. Our reputation for handling good black goods has reached out into other states but we have never shown such a collection of Black Dress Goods as we have this season. Seiges, Henriettas, Whipcords, Silk and Mohair Mixtures, Silk and Wool Mixtures. Cheap ones, good ones, medium priced ones; in fact, if you want a black dress of any kind we can sell it to you.

Silks.

We have new ones in Black Brocades, Poie d'Soies, Satins and other goods for full suits or trimmings. We are exhibiting new goods in every department and would be glad to have you call.

All in first-class condition. To a party meaning business, here is a bargain. For full particulars call on L. T. MORLAN, or see J. T. Smith Lumber company.

PRETTY PRINTING NEWS REVIEW

MAJOR CLARKSON WON

He Succeeds Walker as G. A. R. Commander.

MANY RESOLUTIONS WERE PASSED.

The Full Title of Lieutenant General Asked to Be Conferred Upon General Miles—An Omaha Man Made Adjutant General—Other Business.

St. Paul, Sept. 5.—Major T. S. Clarkson of Omaha has been elected commander-in-chief of the Grand Army of the Republic.

General J. H. Mullen of Minnesota was elected senior vice commander; junior vice commander, Charles W. Buckley of Alabama; surgeon, General A. E. Johnson of the department of the Potomac; chaplain, Rev. Mark D. Taylor of Massachusetts.

On the council of administration E. R. Montfort of Cincinnati was chosen for Ohio, G. K. Malloy of Parkersburg for West Virginia and M. A. Brian of Baltimore for Maryland.

The Pennsylvania member is W. H. Baker of Pittsburgh.

The encampment adopted resolutions approving the Woman's Relief Corps' attempt to preserve the Andersonville prison, but refused to commend the efforts to beautify it.

Ex-officers and present members of the regular army were placed on an equality in the matter of dues, but the proposition to excuse posts paying dues to departments under certain conditions was rejected.

After adopting a memorial on the death of Past Commander-in-Chief Lucius Fairchild and resolutions thanking St. Paul for its great hospitality the encampment adjourned.

Among the resolutions adopted were the following: Asking preference for ex-soldiers in government appointments; urging on congress the justice and propriety of conferring on General Nelson A. Miles the full title of lieutenant general; endorsing the proposed national parks at Vicksburg and Fredericksburg; recommending the reading of Lincoln's Gettysburg address as part of the exercises on memorial day; favoring the prohibition of the sale of the national flag for advertising purposes; asking congress to repair and preserve the frigate Constitution, and the sloop of war Hartford, and asking congress to provide for a soldiers' home south of the Ohio river.

A motion was adopted formally authorizing the council of administration to change the location of the next encampment in case satisfactory railroad facilities cannot be secured.

The first official act of the new commander-in-chief, Major Clarkson, was to appoint C. E. Burnmaster of Omaha as adjutant general.

The associated organizations held full business meetings during the day. The Ladies of the Grand Army of the Republic elected the following officers:

Mrs. Catherine E. Hirst of Louisville (re-elected) national president; Mrs. A. P. Anderson of Minneapolis, senior vice president; Mrs. Sarah C. Mason of Nebraska, junior vice president; Mrs. Flora George of Washington, treasurer; Mrs. Thankful of Massachusetts, chaplain; Mrs. Laura McNaughton of New Jersey, national councilor; council of administration, Mrs. Hopkins of Oklahoma, Mrs. Lydia J. Smith of Pennsylvania and Mrs. Davey of Minnesota.

The Woman's Relief Corps took longer to transact their business and it was late in the day before all the officers had been elected and installed as follows:

Mrs. Agnes Hitt, Indianapolis, national president; Mrs. Marie Hazenwinkle, St. Paul, senior vice president. No action was taken by either of these organizations looking towards union, each preferring its present name and membership, the qualifications slightly varying.

The Daughters of Veterans also refused to unite with the Loyal Home Workers, saying that they preferred their present name and organization.

At a meeting of the Association of the Survivors of the Mississippi, Marine, Brigade and Ram Fleet, 40 of the members were elected officers for the ensuing year.

Commander, Major General George O. White; senior vice commander, Gen. H. Barker, Holton, Kan.; junior vice commander, M. E. Phelps, St. Edwards, Neb.; historian and treasurer, Captain W. D. Crandall, St. Louis; chaplain, Rev. Henry H. Conden, Port Huron, Mich.; surgeon, General H. Russ, Cleveland; officer of the day, Gunder Larson, Clinton, Wis.; secretary, F. W. De Coster, Litchfield, Minn.

GRANT'S BIRTHPLACE.

The Cottage at Mt. Pleasant Given to the State of Ohio.

COLUMBUS, Sept. 5.—The cottage in which Ulysses S. Grant was born, April 7, 1822, at Mt. Pleasant, Clermont county, O., has been appropriately dedicated.

A drenching rain did not deter a large crowd from attending. Governor Bushnell and staff, Major Speak's battalion of the Fourteenth regiment and the regiment band, Adjutant General Axline, President Bower and the members of the state board of agriculture were present. Governor Bushnell in a brief speech accepted on behalf of the state the gift of the cottage from the donor, Henry T. Chittenden of Columbus.

Prevented a Cuban Manifestation.

LIMA, Peru, Sept. 5.—At the fete held here to celebrate the anniversary of Peruvian independence Cuban filibusters intended to have a manifestation of sympathy with the Cuban insurgents and to display the Cuban flag, but President Pirola prohibited the manifestation.

Accepted the Reform Plans.

CANEA, Island of Crete, Sept. 5.—The assembly, after consulting with the revolutionary committee, has accepted the reform plans drawn up by the powers and approved by the sultan of Turkey.

Condition of the Treasury.

WASHINGTON, Sept. 5.—The treasury has lost \$114,600 in gold coin and \$10,500 in bars, which leaves the true amount of the gold reserve \$102,201,114.

A POPULIST CONFERENCE.

Watson to Tour and Will Try to Force Sewall Out.

ATLANTA, Sept. 5.—At the conference between Senator Butler, Thomas E. Watson, H. W. Reed, chairman of the national finance committee and state Populist leaders, the various phases of the campaign were discussed from the standpoint of committee and candidate.

It was decided that Watson who speaks in Dallas, Tex., Sept. 7, shall go from that state to the west. He will speak twice in Kansas, Nebraska and Colorado and other appointments may be made in the meantime. The date of the speaking have not yet been arranged. Watson will return to Georgia, Sept. 25, and enter the state campaign.

SEWALL WILL STICK.

He Never Had Any Intention of Leaving the Ticket.

NEW YORK, Sept. 5.—The Commercial Advertiser prints the following dispatch:

BATH, Me., Sept. 4.

Editor The Commercial Advertiser: "Any statements or inferences that I propose to withdraw from the Democratic national ticket are without foundation. I never had, nor have not now, the remotest intention of doing so."

Concerning the Vermont election Mr. Hanna said:

"The result of the state election in Vermont makes it appear that the people exercised sound, sober sense in dealing with the questions at issue, and showed their temper toward the Chicago platform. It indicates that the people as a whole will repudiate that platform."

McKinley Strong in West Virginia.

CUMBERLAND, Md., Sept. 5.—Ex-Congressman Charles P. Snyder of West Virginia, a Democrat who has bolted Bryan, says that in his state there will be five Democrats voting for McKinley to every Republican voting for Bryan.

West Virginia, he says, is most concerned in the tariff question and is in favor of protection.

Bolted Chicago Ticket.

TOPEKA, Sept. 5.—Hon. W. C. Perry, who for years has been a leader in Democratic councils in this state and who was United States district attorney during President Cleveland's first administration, has bolted the Chicago platform and nominees.

Bryan in Milwaukee.

MILWAUKEE, Sept. 5.—William J. Bryan spoke in this city today. While in Chicago yesterday he had several conferences with Chairman Jones.

LOCAL BREVITIES.

Wallace Simms has removed to this place from Canton.

Claims committee will meet next Monday evening.

Born to Mr. and Mrs. Will Finley, of East End—a daughter.

W. L. Murphy and wife moved from Spring Grove this morning.

Doctor Wamamaker has entered his trotter, Egremont in the Salem races.

The Grand Opera House is undergoing a thorough cleaning preparatory to the opening for the season.

George Knowles, the clay merchant whose wife died in England a few weeks ago, will start for home Sept. 23.

Officer Whan and Councilman Challis yesterday succeeded in killing 11 squirrels in the woods near Fredericktown.

James Merriott and William Mayer, who have been in England for several months, are expected home this evening.

Mrs. E. T. Brown, Lisbon street, entertained friends last evening in honor of her sister, Mrs. Brooke, of Columbus.

The fall term of school opens on Tuesday, and the various buildings have been thoroughly renovated and placed in good condition.

Miss Grace Hart entertained friends last evening at her home on Kossuth street. She will return to Pittsburgh next week.

Complaint of the scorching of wheelmen is heard every day, and wonder is that the police do not make an example of one or more.

Clark Anderson collided with an ice wagon on Fourth street last evening, and broke the front forks of his wheel. The bell was also broken.

A rise in the river, sufficient for light packets, is expected next week. A slight swell is noticeable this afternoon, as a result of rains in the mountains.

A number of marriages are booked for this month among popular young society people. 'Tis said three weddings will occur within as many weeks.

Many have suggested it would be a good idea to have the street fair extend over one day. They think the city would receive more benefit if this was done.

East Liverpool is undoubtedly the best city for dancing in the state. On Monday evening dances will be given in every hall, and they will be well attended.

The case of G. W. Detchon against John Bailey for \$10 due for professional services, to have been heard by Squire Manley today, has been postponed until next Saturday.

Nineteen carloads of earthenware and glass were shipped yesterday from the freight depot. Today the employees expect to send out 20 cars. The force will be idle Labor day.

Reverend Reinartz went to Industry this morning, and from that place will ride on his wheel to Rochester. The reverend gentleman will preach at Wald-rose Pa., Sunday.

Moray Shay, formerly of this city but later employed in Tiltonville pottery, has secured a position at the pottery in East Palestine, and with his family is moving to that place today.

The custom of giving bicycles by lot is likely to result in a suit in the near future, as one interested party is very much dissatisfied with the way a wheel was disposed of recently.

Miss Belle Whitt returned home yesterday evening, after a visit of two months at Asbury Park, N. J. Miss Whitt was greatly improved in health by the bracing air of the seashore.

Mrs. Melinda Jones appeared at city hall this morning and asked that an officer serve an order on Reddy Mason, and compel him to vacate her premises on Pink alley. Chief Johnson promised to attend to the matter.

The marching club recently organized by the colored voters of the city now numbers 38 men, and Captain G. W. Johnson will begin drill as soon as a suitable hall can be found. A meeting will be held Monday evening.

Will Stevenson, T. Thompson and Shelton Moore, employees of the Tiffin pottery are in the city visiting friends. They say the plant is closed for an indefinite period. Mrs. Moore accompanied her husband to this place.

The Reverend Mr. Alexander and wife, of Wooster, were the guests of Dr. J. C. Taggart for a short time yesterday. They are missionaries, and will within a week take steamer for Egypt where they will follow their chosen work.

Avondale street is paved half way up the hill, and the people who are securing signs to the waiver to have it paved from Minerva to Bank street expect to complete their work in time to have the matter brought before council Tuesday evening.

As the patrol was turning the corner at the intersection of Washington and Second streets last evening, a horse owned by Expressman Joe Smith, standing at the curb, became frightened, and prancing wildly, finally turned and ran the wagon into the curb. The result was a mangled wheel.

A staunch Republican lady of the city is showing her friends a Parkersburg paper containing an account of the doings of a peculiar spider which recently appeared in that place. The industrious little fellow has a gold back, and spends his time in spinning the words "William McKinley" in every web he makes.

.....
The Way

to find out what we are selling is to come in and see.

Had you stepped into our store yesterday afternoon and viewed the big crowds at our Dress Goods counter you would have been convinced of one thing, and that is we are selling a pile of Dress Goods.

Why?

Our first purchase of Dress Goods are here, from 10 cts. a yard up to \$2.50.

We are proud of our stock. We have never been more fortunate in our selections — they please the people, the colors and styles are new, the prices are reasonable and the designs exclusive.

Black Dress Goods.

We have always been strong on black Dress Goods. We have always carried a good stock. Our reputation for handling good black goods has reached out into other states but we have never shown such a collection of Black Dress Goods as we have this season. Seiges, Henriettas, Whipcords, Silk and Mohair Mixtures, Silk and Wool Mixtures. Cheap ones, good ones, medium priced ones; in fact, if you want a black dress of any kind we can sell it to you.

Silks.

We have new ones in Black Brocades, Poie d'Soies, Satins and other goods for full suits or trimmings. We are exhibiting new goods in every department and would be glad to have you call.

Tickets will not be sold at less rate than 25 cents and will be good returning until Sept. 11. For rates, time of trains and details apply to Pennsylvania line ticket agents.

Died Last Night.

Mrs. Christina Peden died last night at the home of her niece, Mrs. James McEneaney, Sixth street, aged 88 years. She suffered from the infirmities of old age. The remains will be taken to Bethel church Monday morning, where the funeral services will be held.

Patrick, the infant child of Mrs. Annie McDermitt, died today. The remains will be interred in the Catholic cemetery.

Dangerous Drinking Water.

Death lurks in impure drinking water. It breeds diseases, often in epidemic form.

The first symptom is looseness of the bowels. These diseases are checked by taking Foley's Colic and Diarrhoea Cure. Sold by A. H. Bulger and Will Reed.

Broke the Broomstick.

Lisbon, Sept. 5.—[Special]—Mrs. Ira Courtney, of Lynchburg, asked for a divorce today because her husband, Clarence, deserted her three weeks ago. He also broke a broomstick over her shoulders. He is under indictment for burglary, and a fugitive from justice.

Bonfield, Ill., Aug. 14, 1895.

"I am subject to Cramps and Colic, and have used many remedies, but find Foley's Colic and Diarrhoea Cure beats them all. W. L. YEATS."

Entered Suit.

W. C. Moore as guardian of Charles R. Barrett, entered an attachment suit this morning in the court of Squire Rose, against Mary A. Bennett for \$63.95. The case will be heard Tuesday.

At a Bargain.

A handsome tete-a-tete. Highly polished oak frame with fine plush upholstery. Good as new and will be sold at a bargain. Apply at this office.

Found.

At Bulger's and Reed's drug stores, a marvelous cure for all kidney complaints, nervous exhaustion and female weakness. It is Foley's Kidney Cure.

STORE CLOSED.

On account of a holiday Tuesday, Sept. 8.

NOTICE TO CONTRACTORS.

Office of the Board of Improvements, East Liverpool, Ohio, Sept. 4, 1895.
Sealed proposals will be received by the Board of Improvements of the City of East Liverpool, until 12 o'clock noon of

MONDAY, SEPT. 21, 1895,

for the construction and repair of the following culverts, viz:

One over Tanyard Run at Eighth street.
One over Tanyard Run at Green Lane.
One over run at Ravine street.
One over run at Boyce street (East End).
One over run at Pennsylvania avenue (East End).

Said work to be done according to the plans and specifications thereon on file in the office of the city engineer.

Each of the above jobs must be bid on separately.

Each bid must be accompanied by a sufficient guarantee of some disinterested person, that if the bid is accepted, a contract will be entered into and the performance of it properly secured.

By order of
THE BOARD OF IMPROVEMENTS.
City Clerk.

First class workmen, latest designs of type and improved machinery are essential features of the News Review Job Rooms

In a young girl's life there comes a time when the careless innocence of childhood changes to the modest, blushing maidenly self-consciousness of approaching maturity. The eye is brighter; the form is rounder; there is a touch of shy coquetry in the glance—the girl has become a woman. She has entered that critical period so full of happy possibilities, yet so hedged about with the physical sufferings and dangers peculiar to her womanhood that any disturbance of this sensitive organism throws the whole system out of harmony.

Female weakness causes nine-tenths of all the wretchedness which women endure. It can never be permanently relieved by "local treatments." That is generally an expensive, embarrassing, useless, make-shift. What is needed is Dr. Pierce's Favorite Prescription to reach the innermost sources of the trouble and restore health and strength directly to the internal organs. This stops the weakening drains which sap life's foundation; heals all ulcerated conditions, gives the ligaments elastic power of themselves to correct misplacement of internal organs and imparts tone, vigor and vitality to the entire feminine system. In a word, the "Favorite Prescription" makes healthy, happy women.

Dr. Pierce is the Chief Consulting Physician of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. He has made a life-study of women's peculiar ailments, and is a successful Medical Adviser. "The People's Common Sense Medical Adviser" are devoted to the consideration of diseases peculiar to women. Successful making it unnecessary to employ a physician, or to submit to his examinations and the stereotyped, but generally useless, "local treatment." Twenty-one (21) one-cent stamps, to cover cost of mailing only, will bring a copy of this useful book. Address, World's Dispensary Medical Association, Buffalo, N. Y.

PEOPLE WE KNOW.

They are East Liverpool People, and What they say is of Local Interest.

When an incident like the following occurs right here at home it is bound to carry weight with our readers. The public statement of a reputable citizen living right here at home, one whom you can see every day, leaves no ground for the skeptic to stand on:

Mrs. A. Searight, No. 152 High street, East End, says: "I had a severe attack of kidney disease over a year ago which confined me to my bed for about three months. It affected my entire system and while I have been able to be about I never got completely rid of it. I suffered almost constantly with a dull heavy pain across the loins; if I sat for any length of time, or did anything that brought me into a stooping position and attempted to rise, there would be a sharp shooting pain in the small of my back that felt as if a knife or other sharp instrument had pierced me. I could not sleep when I went to bed, expecting to get rest. I was often robbed of my sleep by nervousness and pain in my back. I have risen unrefreshed and more tired and worn out than I was when I retired. I had taken so much medicine without being cured that I was discouraged. I belong to the Daughters of Liberty and the Maccabees and notified them to drop me, but they refused to do so; this made me more determined than ever to get well, as I did not want to be a burden to them. Doan's Kidney Pills presented themselves in the form of a newspaper advertisement. I got some at the W. and W. Pharmacy. They proved to be the proper remedy for me. Their mild and gentle influence gradually reduced the pain in my back and strengthened the weakness. I am not suffering in any way since taking them, all the symptoms having disappeared. I rest well at night and am gaining in strength and weight every day. Of course I can recommend Doan's Kidney Pills; it would not be right to refuse to, for the benefit of other sufferers."

Doan's Kidney Pills are for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sold agents for the United States.

A Natural Preference.
"The most curious thing in the world"—began Bixley.

"Hush," hoarsely whispered the horrified Junkins, with a gesture toward the door, "she's in the next room."

London Tit-Bits.

Birds as Seed Carriers.
Two centuries ago the Dutch destroyed every nutmeg tree in the Moluccas in order to enjoy a monopoly of the business, having planted the trees in their own possessions.

In spite of their most earnest efforts, however, the islands were being constantly restocked. For a long time the thing was a mystery, but at length it was solved.

The doves of that quarter of the world are of large size and readily swallow the seed of the nutmeg, with the fruit of which they traverse wide stretches of sea and land in a few hours and deposit the seeds of the nutmeg not only uninjured, but better fitted for germination by the heat and moisture of the bird's system.

By a similar process thousands of acres of land have been covered with trees of different kinds, the birds acting as nature's agents in the dissemination of plants.

But in quite another manner do they transport seeds from place to place. Darwin found in six grains of earth adhering to the feet of a plover three different kinds of seeds, and in mud sticking to the feet of ducks and geese shot in England he found the seeds of plants peculiar to the Victoria Nymanza, in central Africa, thus proving not only the extent of migration, but also the possibility of plants appearing in strange localities through the agency of these birds.

In the mud sticking to the feet of a Texas steer the seeds of five different kinds of weeds and grasses common in Texas were found by a microscopist after the arrival of the animal in New York.—St. Louis Globe-Democrat.

Nelson's Vessel.
Nelson's Foudroyant has been refitted again at a cost, it is said, of \$100,000 and will be exhibited at the principal British ports, going first, however, to the Kiel naval exhibition. The vessel is a splendid specimen of the great 80 gun line of battle ships. Her timbers are in good condition in spite of her 107 years. She was Nelson's flagship for only one year, the most disgraceful one in his career, when, under Lady Hamilton's influence, he encouraged and aided the atrocities committed by the Naples Bourbons. It was from the yardarm of the Foudroyant that Prince Caracciolo, admiral of the republican fleet, a prisoner of war, was hanged without a trial. It was on the quarter deck of the Foudroyant that Sir Ralph Abercromby died of his wounds after defeating the French at Alexandria in 1801.—Boston Herald.

LABOR DAY.
MAYOR'S PROCLAMATION.

According to the law of Ohio, Monday, Sept. 7, is Labor day, an important holiday for thousands of the people of this great state. It is the time set apart for the enjoyment of the great mass of humanity, a day when the workmen leave the shops and factories, and gathering their families and friends about them, spend a few hours in pleasure. This day of recreation is an important factor in our public institutions, for when labor is sufficiently prosperous to take time for recreation all other men have equal cause for happiness.

I, A. V. Gilbert, mayor of the city of East Liverpool, recommend that as far as it is possible the people as a whole observe the day; that there be a suitable demonstration, and that all business houses and residences be decorated with the national colors. Let business men and manufacturers join with the rest of the people in the celebration of this occasion, so important to us all.

A. V. GILBERT, Mayor.
EAST LIVERPOOL, O., Sept. 2, 1895.
